PROVISIONS RELATING TO REDEMPTION

17. Final Redemption Amount of each Note (Condition 6):
- If no Amendment Event has occurred on or prior to the Maturity Date, the Final Redemption Amount, calculated per Calculation Amount, payable on the Maturity Date will be an amount in USD calculated by the Calculation Agent in accordance with the following:

USD 1,000 x (100% + Premium).

If an Amendment Event has occurred on or prior to the Maturity Date, the Final Redemption Amount payable per Calculation Amount on the Maturity Date will be equal to the Specified Denomination.

Whereby:

“**Amendment Event**” has the meaning given to it in Term 19 below.

“**Closing Level**” on any Trading Day means the official closing level of the Index or any Successor Index published by the Index Sponsor at the Scheduled Closing Time as determined by the Calculation Agent.

“**Index**” means the Ethical Europe Equity Index (Bloomberg code: SOLEEE). The Index is a composite index that is further described on the Index Sponsor website

<http://www.solactive.com/en/?s=ethical%20europe%20equity&index=DE000SLA5EE6>

“**Premium**” means a percentage as determined by the Calculation Agent in accordance with the following formula:

$$\text{Max}[0\%; 100\% * (S_f/S_0 - 1)]$$

“**S_f**” means the Closing Level (as defined above) of the Index on the Final Observation Date, as calculated by the Calculation Agent.

“**Final Observation Date**” means April 28, 2023 (the “**Scheduled Final Observation Date**”), subject to postponement in the event such Trading Day is a Disrupted Day as per Term 18(a) below.

“**S₀**” means the Closing Level (as defined above) of the Index on the Initial Observation Date as calculated by the Calculation Agent.

“**Initial Observation Date**” means the Issue Date (the “**Scheduled Initial Observation Date**”), subject to postponement in the event such Trading Day is a Disrupted Day as per Term 18(a) below.

18. Index-Related Events:

- (a) Scheduled Final Observation Date or Scheduled Initial Observation Date, as applicable, is a Disrupted Day:

If in the opinion of the Calculation Agent the Scheduled Final Observation Date or Scheduled Initial Observation Date, as applicable, occurs on a day that is a Disrupted Day, then the Final Observation Date or Initial Observation Date, as applicable, will be postponed until the first following Trading Day that is not a Disrupted Day, unless each of the eight consecutive Trading Days immediately following the Scheduled Final Observation Date or Scheduled Initial Observation Date, as applicable, is a Disrupted Day. In that case, (i) the eight such consecutive Trading Day shall be deemed to be the Final Observation Date or Initial Observation Date, as applicable, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the relevant S_f or S₀, as applicable, by determining the Closing Level of the Index on such Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the exchange traded or quoted price as of the official Closing Time on the last such consecutive Trading Day of each Component

Security (or, if an event giving rise to a Disrupted Day has occurred in respect of a Component Security on such eight consecutive Trading Day, its good faith estimate of the value for the relevant security as of the official closing time on such eight consecutive Trading Day).

If the Final Observation Date is postponed as set forth above, then the Maturity Date will be postponed by an equal number of Trading Days; provided, however, that no interest or other payment will be payable because of any such postponement of the Maturity Date.

(b) Successor Index and Index Cancellation:

If the Index Sponsor discontinues publication of the Index (an “**Index Cancellation**”) and another entity (the “**Successor Index Sponsor**”) publishes a successor or substitute Index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “**Successor Index**”), then, the Calculation Agent will substitute the Successor Index as calculated by the Successor Index Sponsor for the Index.

In the event of an Index Cancellation and:

- the Calculation Agent does not select a Successor Index, or
- the Successor Index is no longer published on any of the relevant Trading Days,

the Calculation Agent will (but without prejudice to the occurrence and the consequences of the occurrence of an Amendment Event pursuant to Term 19) compute a substitute level for the Index in accordance with the procedures last used to calculate the level of the Index before any discontinuation but using only those securities that composed the Index prior to such discontinuation until such time as a Successor Index is selected or the Final Observation Date, whichever is earlier.

If in accordance with the previous paragraphs, a Successor Index is selected or the Calculation Agent calculates a level as a substitute for the Index as described above the Successor Index or level will be used as a substitute for the Index for all purposes after such selection or substitution, including for purposes of determining whether a Market Disruption Event exists, even if the Index Sponsor elects to begin republishing the Index, unless the Calculation Agent in its sole discretion decides to use the republished Index.

(c) Index Modification:

If at any time the method of calculating the level of the Index or the level of the Successor Index, changes in any material respect, or if the Index or Successor Index is in any other way modified so that the Index or Successor Index does not, in the opinion of the Calculation Agent, fairly represent the level of the Index had those changes or modifications not been made, then, from and after that time, the Calculation Agent will on each date that the closing level of the Index is to be calculated, make any adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a calculation of a level of a stock index comparable to the Index or such Successor Index, as the case may be, as if those changes or modifications had not been made, and calculate the Closing Level with reference to the Index or such Successor Index, as so adjusted. Accordingly, if the method of calculating the Index or a Successor Index is modified and has a dilutive or concentrative effect on the level of such index (including, but not limited to a share or stock split), then the Calculation Agent will adjust such index in order to arrive at a level of such index as if it had not been modified (including, but not limited to, as if a share or stock split had not occurred).

(d) Correction of the Index:

With the exception of any corrections published after the day which is three Trading Days prior to the Maturity Date, if the level of the Index published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor, no later than five Trading Days following the date of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Trading Days prior to the Maturity Date will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

19. Amendment Event / Early Premium Amount:

In the event of the occurrence of an Amendment Event, the Issuer shall be required to pay an amount (which may be zero), calculated per Calculation Amount, equal to the Early Premium Amount as soon as practicable after the Amendment Event occurs. For the avoidance of doubt, the occurrence of an Amendment Event shall not alter the Issuer's obligation to pay an amount equal to the Specified

Denomination per Calculation Amount on the Maturity Date.

The term “**Amendment Event**” means the occurrence of either of the following events:

- (i) an Index Cancellation occurs on or before the Final Observation Date and the Calculation Agent determines, in its sole and absolute discretion, that the application of the provisions of Term 18(b) does not achieve a commercially reasonable result; or
- (ii) the Calculation Agent determines that a Hedging Event has occurred.

The Calculation Agent shall forthwith give notice (the “**Notice**”) to the Issuer and the Global Agent of a determination made under paragraph (i) or (ii) above.

The Issuer shall give notice to the Noteholders as soon as practicable in accordance with Condition 12(c), stating the receipt of the Notice, giving details of the relevant determination made by the Calculation Agent and the date on which the Early Premium Amount will be paid.

“**Early Premium Amount**” means the fair market value of the equity option embedded in each Note less the cost to the Issuer of unwinding any hedging arrangements related to such embedded equity option, as determined by the Calculation Agent in its sole and absolute discretion. The Early Premium Amount could be zero, but shall not be less than zero.

The Early Premium Amount will be determined by the Calculation Agent on or as soon as reasonably practicable after the Amendment Event occurs.

“**Hedging Event**” means each of Change in Law, Hedging Disruption and Increased Cost of Hedging.

“**Change In Law**” means that, on or after the Trade Date, (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or financial authority), or the combined effect thereof if occurring more than once, the Issuer determines in its sole and absolute discretion that:

- (a) it has become illegal for it to hold, acquire or dispose of any relevant hedge positions relating to the Index; or
- (b) it would incur a materially increased cost (including, without limitation, in respect of any tax, solvency or capital requirements) in maintaining the Notes in issue or in holding, acquiring or disposing of any relevant hedge position relating to the Index.

“Hedging Disruption” means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) (including swap transactions) or asset(s) or any futures or options contract(s) it deems necessary to hedge the equity price risk or any other relevant price risk including but not limited to the currency risk of the Issuer or issuing and performing its obligations with respect to the Notes, or (B) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s) or futures or option contract(s) or any relevant hedge positions relating to the Index.

“Increased Cost of Hedging” means that the Issuer would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) (including swap transactions) or asset(s) it deems necessary to hedge the market risk (including, without limitation, equity price risk, foreign exchange risk and interest rate risk) of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), *provided that* any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its respective affiliates shall not be deemed an increased cost of hedging.

The Issuer shall be entitled to determine the Early Premium Amount and to make all determinations under “Hedging Disruption” and “Increased Cost of Hedging” in lieu of the Calculation Agent, in the event the Calculation Agent is unable to fulfil its obligations hereunder due to its bankruptcy, insolvency (or other similar proceedings), or it becoming subject to the appointment of an administrator or other similar official, with insolvency, rehabilitative or regulatory jurisdiction over it.

20. Additional Definitions:

“Calculation Agent” means BNP Paribas or such successor calculation agent as may from time to time be appointed by the Issuer. All determinations made by the Calculation Agent will be at the sole discretion of the Calculation Agent and, absent a determination of a manifest error, will be conclusive for all purposes and binding on the holders and beneficial owners of the Securities. Neither the Calculation Agent nor the Issuer will have any responsibility for good faith errors or omissions in calculating or disseminating information regarding the Index or any Successor Index or as to modifications, adjustments or calculations by the Index Sponsor or any Successor Index Sponsor in order to arrive at the level of the Index or any Successor Index.

“Component Security” means any security comprised in the Index.

“Disrupted Day” means a Trading Day in respect of which the Calculation Agent has determined a Market Disruption Event has occurred or is continuing.

“Exchange” means in respect of each Component Security the principal stock exchange on which such Component Security is principally traded.

“Early Closure” means the closure on any Exchange Business Day of the Exchange in respect of any Component Security or the Related Exchange prior to its normally Scheduled Closing Time unless such earlier closing time is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange system for execution at the close of trading on such Exchange Business Day.

“Exchange Business Day” means any Trading Day on which the Index Sponsor publishes the level of the Index, each Exchange and Related Exchange is open for business during its regular trading session, notwithstanding any such Exchange or Related Exchange closing prior to its scheduled weekday closing time and the Issuer determines in its sole and absolute discretion that it is able to hedge its obligations in respect of the Index.

“Exchange Disruption” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent in its sole discretion) the ability of market participants in general to effect transactions in or obtain market values for (A) any Component Security on the Exchange in respect of such Component Security or

(B) futures or options contracts relating to the Index on the Related Exchange.

“**Index Sponsor**” means Solactive AG

“**Market Disruption Event**, as determined by the Calculation Agent in its sole discretion, means in respect of any Trading Day:

- (i) that the Index Sponsor fails to publish the level of the Index, or
- (ii) in respect of any Component Securities, that an Exchange or any Related Exchange fails to open for trading during its regular trading session or
- (iii) the occurrence or existence of any of the following events:

- a Trading Disruption in respect of such Component Security, if the Calculation Agent determines it is material, at any time during the one hour period that ends at the close of trading for an Exchange or Related Exchange on which such Component Security is principally traded; or

- an Exchange Disruption in respect of such Component Security, if the Calculation Agent determines it is material, at any time during the one hour period that ends at the close of trading for an Exchange or Related Exchange on which such Component Security is principally traded; or

- an Early Closure in respect of such Component Security

and

- the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of the Index.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at any time, then the relevant percentage contribution of that security to the level of the Index will be based on a comparison of (i) the portion of the level of the Index attributable to that Component Security and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

Notwithstanding the occurrence of a Market Disruption Event in respect of any Trading Day as described above, if such Market Disruption Event occurs solely as a result of the failure of the Index Sponsor to publish a level for the Index, the Calculation Agent may (but is not obliged to) disregard such Market Disruption Event in respect of such day and determine the level of the Index for such day as described under Term 18(b) “Index Related Events – Successor Index and Index Cancellation”.

“**Related Exchange**” means each exchange or quotation system on which futures or options contracts relating to the Index are traded and where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the futures or options contracts relating to such Index has temporarily relocated (*provided* that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original related exchange).

“**Scheduled Closing Time**” means the scheduled closing time of an Exchange or the Related Exchange, as applicable, on any Trading Day, without regard to after hours or any other trading outside of the regular trading hours.

“**Trade Date**” means March 9, 2015

“**Trading Day**” means any day on which the Index Sponsor is scheduled to publish the level of the Index, the Exchange and Related Exchange is scheduled to be open for trading during its regular trading sessions and the Issuer determines in its sole and absolute discretion that it is able to hedge its obligations in respect of the Index.

“**Trading Disruption**” means any suspension of or limitation imposed on trading by the Exchange or Related Exchange or otherwise, whether by reason of movements in price exceeding limits permitted by the Exchange or Related Exchange or otherwise, (i) relating to any Component Security on the Exchange or in respect of such Component Security or (ii) in options contracts or futures contracts relating to the Index on the Related Exchange.

21. Early Redemption Amount
(Condition 6(c)):

The Early Redemption Amount per Calculation Amount shall be the fair market value of the Notes taking into account the event leading to the early redemption less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion.

GENERAL PROVISIONS APPLICABLE TO THE NOTES

22. Form of Notes (Condition 1(a)): Registered Notes
Global Registered Certificate available on Issue Date
23. New Global Note: No
24. Financial Centre(s) or other special provisions relating to payment dates (Condition 7(h)): London and New York and TARGET2
25. Governing law (Condition 14): English
26. Additional Risk Factors: AN INVESTMENT IN THE NOTES IS SUBJECT TO THE RISKS DESCRIBED BELOW, AS WELL AS THE RISKS DESCRIBED UNDER “RISK FACTORS” IN THE ACCOMPANYING PROSPECTUS. THE NOTES ARE A RISKIER INVESTMENT THAN ORDINARY FIXED RATE NOTES OR FLOATING RATE NOTES. INVESTORS SHOULD CAREFULLY CONSIDER WHETHER THE NOTES ARE SUITED TO THEIR PARTICULAR CIRCUMSTANCES. ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD CONSULT THEIR FINANCIAL AND LEGAL ADVISERS AS TO THE RISKS ENTAILED BY AN INVESTMENT IN THE NOTES AND THE SUITABILITY OF THE NOTES IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES.

Suitability of Investment

An investment in the Notes is only suitable for investors who have the requisite knowledge and experience in financial and business matters to evaluate the information contained in the Prospectus and the Final Terms, who have made their own independent decision to invest in the Notes and as to whether the Notes are appropriate for them, and who are capable of bearing the economic risk of an investment in the Notes.

An investment in the Notes is not the same as an investment in the securities underlying the Index

The payment of dividends on the Component Securities has no effect on the calculation of the Index level. Therefore, the return on the Noteholders' investment based on the percentage change in the Index is not the same as the total return based on the purchase of those underlying securities held for a similar period. As investors in the Notes, Noteholders will not have voting rights or any right to receive dividends or other

distributions or any other rights with respect to the Component Securities.

The market price of the Notes may be influenced by many factors

The Notes are not designed to be short-term trading instruments. Many factors, most of which are beyond IBRD's control, will influence the value of the Notes and the price at which the Dealer may be willing to purchase or sell the Notes in the secondary market, including: the current level of the Index, interest and yield rates in the market, the volatility of the Index, economic, financial, political and regulatory or judicial events that affect the securities underlying the Index or stock markets generally and which may affect the appreciation of the Index, the time remaining to the maturity of the Notes, the dividend rate on the securities underlying the Index, and IBRD's creditworthiness. Some or all of these factors may influence the price that Noteholders will receive if they choose to sell their Notes prior to maturity. The impact of any of the factors set forth above may enhance or offset some or all of any change resulting from another factor or factors.

Noteholders have no recourse to the Index Sponsor or to the issuers of the "Component Securities"

The Notes are not sponsored, endorsed, sold or promoted by the Index Sponsor or by any issuer of the Component Securities. Neither the Index Sponsor nor any such issuer has passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to, the Notes. Neither the Index Sponsor nor any such issuer makes any representation or warranty, express or implied, to prospective investors in the Notes or any member of the public regarding the advisability of investing in the Component Securities generally or the Notes particularly, or the ability of the Index to track general stock performance. The Index Sponsor has no obligation to take the needs of IBRD or the needs of the Noteholders into consideration in determining, composing or calculating the Index. Neither the Index Sponsor nor any issuer of the Component Securities comprising the Index is responsible for, and none of them has participated in the determination of, the timing, prices or quantities of the Notes to be issued. Neither the Index Sponsor nor any such issuer has any liability in connection with the administration, marketing or trading of the Notes.

Historical performance of the Index is not indicative of future performance

The future performance of the Index cannot be predicted based on its historical performance. IBRD cannot guarantee that the level of the Index will increase. The Index was created on 10 April 2013.

The Index Sponsor may discontinue publication of the Index

If the Index Sponsor discontinues or suspends the calculation of the Index, it may become difficult to determine the market value of the Notes or the amount payable in respect of the Notes. The Calculation Agent may designate a successor index selected in its sole discretion. If the Calculation Agent determines in its sole discretion that no successor index comparable to the discontinued or suspended Index exists, the amount Noteholders receive may be determined by the Calculation Agent in its sole discretion. Any of these actions could adversely affect the value of the Notes. Adjustments to the Index could adversely affect the Notes

The Index Sponsor can add, delete or substitute the securities underlying the Index or make other methodological changes that could change the value of the Index at any time. The Index Sponsor may discontinue or suspend calculation or dissemination of the Index. The Index Sponsor has no obligation to consider the interests of the Noteholders in calculating or revising its Index.

27. Other final terms:

Disclaimers and Agreements

(a) The issue of the Notes is not sponsored, promoted, sold or supported in any other manner by Solactive AG (the “**Index Sponsor**”) nor does the Index Sponsor offer any express or implicit guarantee or assurance either with regard to the results of using the Index and/or Index trade mark or the Index price at any time or in any other respect. The Index is calculated and published by the Index Sponsor. The Index Sponsor uses its best efforts to ensure that the Index is calculated correctly. The Index Sponsor has no obligation to point out errors in the Index to third parties including but not limited to investors and/or financial intermediaries of the Notes. Neither publication of the Index by the Index Sponsor nor the licensing of the Index or Index trade mark for the purpose of use in connection with the Notes constitutes a recommendation by the Index Sponsor to invest capital in said Notes nor does it in any way represent an assurance or opinion of the Index Sponsor with regard to any investment in these Notes.

(b) The Issuer shall have no liability for any act or failure to act by an Index Sponsor in connection with the calculation, adjustment or maintenance of the Index. The Issuer does not have any affiliation with or control over the Index or Index Sponsor or any control over the computation, composition or dissemination of the Index. A description of the Index is attached to these Final Terms as Schedule I. All information contained in these Final Terms regarding the Index, including, without limitation, the information set forth in Schedule I, its make-up, method of calculation and changes in components, is derived from, and based solely upon, information obtained from publicly available sources it believes reliable, and in particular the Index Sponsor's website above mentioned, and is for informational purposes only and should not be relied upon by the Noteholder or prospective investor. As such, neither the Calculation Agent nor Issuer will have any responsibility for errors or omissions in calculating or disseminating information regarding the Index or any Successor Index or as to modifications, adjustments or calculations by the Index Sponsor or any Successor Index Sponsor in order to arrive at the level of the Index or any Successor Index. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Issuer or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning the Index or Successor Index.

(c) By investing in the Notes, each investor represents and agrees that:

- (i) it has made its own independent decision to invest in the Notes based upon its own judgment and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the Issuer, the Index Sponsor, the Calculation Agent, or the Dealer as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the terms and conditions of the Notes shall not be considered to be investment advice or a recommendation to invest in the Notes. No communication (written or oral) received from the Issuer, the Calculation Agent, the Index Sponsor or the Dealer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the Notes;
- (ii) it is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the Notes, including but not

limited to the risks set out in this Final Terms (which are not, and do not intend to be, exhaustive). It is also capable of assuming, and assumes, the risks of the investment in the Notes;

(iii) it has fully considered the market risk associated with an investment linked to the Index. Each Noteholder and investor in the Notes understands that none of the Issuer, the Calculation Agent, the Dealer or the Index Sponsor purports to be a source of information on market risks with respect to the Index; and

(iv) it understands and acknowledges that the value of the Index is calculated based on the rules of the Index as set out in the Index conditions. The Index conditions may be amended by the Index Sponsor at any time, and such amendments may be prejudicial to the Noteholder.

These documents have been filed with the U.S. Securities and Exchange Commission (“**SEC**”) and are available on the SEC’s website as well as on the following website of IBRD: <http://treasury.worldbank.org/cmd/htm/index.html>. Alternatively, to obtain copies of these documents, contact one of the Authorized Offerors (as defined below) or your financial advisor.

During the Offer Period the Notes will be offered simultaneously to investors in France, Luxembourg, Monaco and Switzerland as more fully described below under “TERMS AND CONDITIONS OF THE PUBLIC OFFER”.

SPECIAL ACCOUNT

Special Account

An amount equal to the net proceeds of the issue of the Notes will be credited to a special account that will support IBRD's lending for Eligible Projects. So long as the Notes are outstanding and the special account has a positive balance, periodically and at least at the end of every fiscal quarter, funds will be deducted from the special account and added to IBRD's lending pool in an amount equal to all disbursements from that pool made during such quarter in respect of Eligible Projects.

Eligible Projects

"Eligible Projects" means all projects funded, in whole or in part, by IBRD that promote the transition to low-carbon and climate resilient growth in the recipient country, as determined by IBRD. Eligible Projects may include projects that target (a) mitigation of climate change, including investments in low-carbon and clean technology programs, such as energy efficiency and renewable energy programs and projects ("Mitigation Projects") or (b) adaptation to climate change, including investments in climate-resilient growth ("Adaptation Projects").

Examples of Mitigation Projects include, without limitation:

- Rehabilitation of power plants and transmission facilities to reduce greenhouse gas emissions
- Solar and wind installations
- Funding for new technologies that permit significant reductions in GHG emissions
- Greater efficiency in transportation, including fuel switching and mass transport
- Waste management (methane emission) and construction of energy-efficient buildings
- Carbon reduction through reforestation and avoided deforestation

Examples of Adaptation Projects include, without limitation:

- Protection against flooding (including reforestation and watershed management)
- Food security improvement and stress-resilient agricultural systems which slow down deforestation
- Sustainable forest management and avoided deforestation

The above examples of Mitigation Projects and Adaptation Projects are for illustrative purposes only and no assurance can be provided that disbursements for projects with these specific characteristics will be made by IBRD during the term of the Notes.

CONFLICT OF INTEREST

BNP Paribas, of which the Dealer is a subsidiary, will be Calculation Agent under the Notes and will also be IBRD's counterparty in a related swap transaction entered into by IBRD in order to hedge its obligations under the Notes. The existence of such multiple roles and responsibilities for BNP Paribas creates possible conflicts of interest. For example, the amounts payable by BNP Paribas to IBRD under the related swap transaction are expected, as of the Issue Date, to be calculated on the same basis as the amounts payable by IBRD under the Notes. As a result, the determinations made by BNP Paribas in its discretion as Calculation Agent for the Notes may affect the amounts payable by BNP Paribas under the related swap transaction, and, in making such determinations, BNP Paribas may have economic interests adverse to those of the Noteholders. The Noteholder understands that although IBRD will enter into the related swap transaction with BNP

Paribas as swap counterparty in order to hedge its obligations under the Notes, IBRD's rights and obligations under the related swap transaction will be independent of its rights and obligations under the Notes, and Noteholders will have no interest in the related swap transaction or any payment to which IBRD may be entitled thereunder.

ANNEX

This Annex is to be read in conjunction with and forms part of the Prospectus and the Final Terms and, although there is no legal obligation whatsoever, under any applicable law, for the Issuer or the Dealer to provide you with such information as mentioned herein, this Annex is meant to answer some practical questions that you might have regarding the Notes, however, in general terms only. It does not contain all the information which may be important to you. You should read the terms and conditions of the Notes included in the Prospectus and the Final Terms together with the more detailed information contained in the remainder of the Prospectus. You should carefully consider, amongst other things, the risks set out in the Prospectus and in the Final Terms. In addition, we urge you to consult with your investment, legal, accounting, tax and other advisors with respect to any investment in the Notes. The information contained in this section is subject in its entirety to the terms and conditions of the Notes included in the Prospectus and the Final Terms

What are the Notes?

The Notes are issued by the International Bank for Reconstruction and Development (the "**Issuer**"). The Notes are structured debt securities linked to the performance of an index, the Ethical Europe Equity Index. A Note entitles the holder to receive from the Issuer and at Maturity the USD 1,000 per Calculation Amount plus an amount equal to the Premium (if any – see below). There is no coupon payment at any time during the life of the Notes. As the Notes have a minimum payout of USD 1,000 per Calculation Amount on the Maturity Date, the Issuer is also the entity which protects the payment on the Maturity Date of no less than the Specified Denomination. The principal is therefore not at risk **if the Notes are held to maturity**, subject to Issuer credit risk (insolvency or payment default of the Issuer) and subject to the potential foreign exchange risk if the Noteholder converts into Euro the payout (nominal amount and Premium if any) it receives in USD.

Where does my money go?

An amount equal to the net proceeds of the issue of the Notes will be credited to a special account that will support IBRD's lending for Eligible Projects as described in the Final Terms.

Will I receive income?

Yes, but only if performance of the Index is positive as set out in the Final Terms. Positive performance of the Index is not guaranteed. The Notes do not entitle the investor to receive coupons at any time during the life of the Notes.

How is the Premium calculated?

The Premium will be equal to the performance of the Index multiplied by the Calculation Amount, or zero, whichever is greater. If the performance of the Index is equal to or below zero, the Premium will be zero. If the performance of the Index is positive, the Premium will be equivalent to 80% of this performance.

The performance of the Index is calculated the following way:

On the Initial Observation Date (which is the Issue Date), the closing level of the Ethical Europe Equity index (the "**Index**") is recorded as an initial observation of the Index. Two weeks prior to the Maturity Date (defined in the Final Terms as the Scheduled Final Observation Date), the closing level of the Index is recorded as the final observation of the Index. The performance of the Index will be the difference between the final observation of the Index, and the initial observation of the Index, divided by the initial observation of the Index:

final observation of the Index - initial observation of the Index

initial observation of the Index

Is there a limit on how much I can earn over the life of the Notes?

No. If the performance of the Index is positive, there is no cap on the potential Premium to be paid under the Notes. However, a positive performance of the Index is not guaranteed.

How does the Index link to the Notes?

The value of the potential Premium depends on the positive performance of the Index. However, in case of negative performance of the Index, the capital is guaranteed (which, nevertheless, remains subject to any applicable costs, tax, currency exchange difference).

Do I have any right to receive any of the assets in the Index?

No. Except for the calculation of the Premium, there is no link with the Index and the assets used as a reference for this Index. Noteholders have no right to the assets in the Index.

Can I redeem early?

No. There is no provision in the Notes for a holder's early redemption right, other than in accordance with Condition 9 ("*Default*") of the Terms and Conditions of the Notes. However, BNP Paribas Arbitrage SNC has informed the Issuer that, except in case of exceptional market circumstances, it will, on a best efforts basis, endeavour to make a secondary market during open business hours, with a bid-ask spread no larger than 1%. The Noteholder is invited to check with its financial intermediary if brokerage fees apply.

Can the Notes be redeemed early by the Issuer?

No. There is no provision in the Notes for the Issuer to redeem the Notes early. However, in the event of the occurrence of an Amendment Event the Issuer will be required to make a payment in respect of each Calculation Amount (which may be zero) equal to the Early Premium, as soon as possible after the occurrence of such Amendment Event, which may be earlier than the scheduled Maturity Date.

The occurrence of an Amendment Event shall not affect (i.e., will neither limit nor accelerate) the Issuer's obligation to pay the Specified Denomination on the Maturity Date. An Amendment Event is either an Index Cancellation or a Hedging Event (which includes a Change of Law, a Hedging Disruption or an Increased Cost of Hedging, each as described in Term 19 of the Final Terms ("*Amendment Event*")).

What are the fees?

The investors will subscribe the Notes at an offer price of 100%. This price includes, per denomination of USD 1,000, a commission for the distribution and promotion of the Notes retained up-front by the Authorised Offerors of the Notes, and therefore borne by the investors, equivalent to a maximum annual amount of 0.25% (including VAT, if any) of the USD 1,000 denomination.

How will the fees impact my investment?

The fees retained by the Authorised Offerors will not affect the amounts due in accordance with the terms and conditions of the Notes.

What is the Issuer's credit rating?

The Issuer's long-term senior debt rating is, as at the date hereof, Aaa (Moody's Investor Services) and AAA (S&P). Investors should note, however, that the ratings may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the

Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

What are some of the risks in owning the Notes?

Investing in the Notes involves a number of risks. We have described the most significant risks relating to the Notes in the Prospectus (under the heading “Risk Factors” at page 14 and following) and the Final Terms (under Term 26 “Additional Risk Factors” under the heading “General provisions applicable to the Notes”).

Is there Currency Risk?

Since the Notes are issued in USD, you incur a foreign exchange risk if you decide to convert the principal amount and the potential Premium that are paid to you at maturity into another currency (e.g. euro or Swiss franc). Indeed, such final return when so converted will be affected, not only by the amount of the principal and Premium received, but also by the evolution of the USD against the relevant currency. If, upon maturity, the USD has increased in value against such currency, the final return in such currency will be higher. Conversely, a decrease in value of the USD will have the opposite impact.

Are the Notes a suitable investment for me?

The Notes can only be offered to the investors by the Authorised Offerors (the distributors) if they are suitable and appropriate for the investors.

Should an investor decide to invest in the Notes, without getting any advice from its bank, its bank should in any case warn him/her if the Notes are not appropriate or suitable for him/her.

Will I always be able to sell my Notes in a secondary market prior to the Maturity Date?

There is no assurance as to the development or liquidity of any trading market for the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that would provide them with a yield comparable to similar investments that have a developed secondary market. BNP Paribas Arbitrage SNC has informed the Issuer that, except in the case of exceptional market circumstances, it will, on a best efforts basis, endeavour to make a secondary market during open business hours, with a bid-ask spread no larger than 1%. Also, a brokerage fee may be applied by the financial intermediaries. The Noteholder is invited to check with its financial intermediary if brokerage fees apply.

Who is the Calculation Agent and what is its role?

BNP Paribas is the Calculation Agent for the Notes. As Calculation Agent for the Notes, BNP Paribas makes all calculations and determinations under the Notes. BNP Paribas will also be the Issuer’s counterparty in a related swap transaction entered into by the Issuer in order to hedge its obligations under the Notes. The existence of such multiple roles and responsibilities for BNP Paribas creates possible conflicts of interest, as set out in the Final Terms.

Are there any taxes payable by me in relation to the Notes?

Schedule II contains a summary with regard to certain tax aspects which are of significance in connection with the Notes for certain jurisdictions. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for individual potential investors. It is recommended that potential purchasers of the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes under the tax laws of the country of which they are resident for tax purposes.

Where and in which form are the Notes held?

The Notes will initially be held by Euroclear Bank N.V./S.A. and Clearstream Banking S.A. (the “Clearing Systems”) in the form of a global note which will be exchangeable for definitive securities only in the exceptional circumstances described in the Prospectus. For as long as any

Notes are held by the Clearing Systems, payments of the principal and Premium, if any, will be made through the Clearing Systems. Investors must therefore rely on the Clearing System to distribute all payments attributable to the Notes which are received from the Issuer. Accordingly, investors will be exposed to the credit risk of, and default risk in respect of, the Clearing Systems, as well as the Issuer. Investors should note that neither the Issuer nor the Paying Agent (Citibank, N.A., London Branch) shall be responsible for the acts or omissions of the Clearing Systems. Furthermore, investors should be aware of the fact that the Clearing Systems may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts or delivery of notes. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the Notes.

SCHEDULE I TO THE FINAL TERMS

The information contained in this Schedule I (including, website addresses and details of publication methods and dates) is stated as at the Issue Date of the Notes only, and is subject to change. This information has been compiled using publicly available sources. The Issuer makes no representation or warranty, whether express or implied, as to the completeness or accuracy of such information.

Ethical Europe Equity Index

The Notes as described in the present Final Terms and commercially named as “Green Growth Bonds”, are issued by International Bank for Reconstruction and Development and are, linked to the performance of the Ethical Europe Equity Index (the “Index”). The Index tracks the price movements in shares of companies that have a high dividend, relatively low historical volatility and pass several corporate social responsibility screens applied by the Index Adviser (Vigeo) and the Index Certifier (Forum Ethibel).

This Index has been designed to provide investors with exposure to a selection of European companies meeting certain environmental, social and governance (ESG) standards as well as ethical criteria. The Index relies also on financial criteria to select the companies.

More information on the Index can be found on the following website: <http://www.solactive.com/en/?s=ethical%20europe%20equity&index=DE000SLA5EE6>.

The selection process is a 3-step process:

First step: Vigeo filter

Vigeo was founded in 2002 by Nicole Notat and has established itself as a European expert in the assessment of companies and organisations’ Social Responsibility (companies, states, local communities, associations, etc...).

Vigeo delivers independent opinions and publishes indices on risks and performances of more than 3,000 issuers, taking into account a wide field of sustainable development themes, particularly the respect of Human Rights, the valorisation of human capital, business ethics, governance, environment protection and societal commitment.

Vigeo has developed a referential built around 330 indicators and 38 ESG criteria based on universally recognised objectives published by international organisations (UN, ILO, OECD...). This exclusive rating and research methodology and Vigeo rating’s research satisfy high quality standard and benefit from the Arista certification, a recognised label of quality for responsible investment, since 2009.

The starting point of the selection is the Vigeo European Large Cap Universe, consisting of more than 700 companies. These companies are rated by Vigeo on 38 environmental, social and governance issues (“ESG”) grouped in 6 domains with grades on a scale from 0 to 100.

The Index will only retain companies having a score that is higher than 40 on average and which have a better score than the average of their sector.

Second step: Forum Ethibel filter

Forum ETHIBEL asbl was founded in 1991 by several non governmental organisations (NGOs) operating in the most diverse social action domains, with a view to independent screenings of ethical investment funds. As an independent audit institute, Forum ETHIBEL is recognized as an expert in rating, verification and certification of other investment and saving products, according to client’s proprietary ESG and ethical criteria.

The list of companies obtained after applying the VIGEO filter is screened to exclude companies involved in activities that are considered as unethical, among others weapon manufacturing, gambling, tobacco, nuclear activity or involved in serious environmental controversies. In addition, companies not respecting the ILO conventions (“ILO” means International Labour Organization) or the International Bill of Human Rights are also excluded.

Forum Ethibel operates a quarterly revision of the Index to certify its conformity with the non-financial aspects of the rulebook and the due diligence of the Index composition process.

Third step: financial filter

The list of companies obtained after applying the Vigeo and Forum Ethibel filters is further screened according to financial criteria:

- liquidity: only the companies having an average daily volume above 10M USD over the past 20 days are kept
- Dividend yield: only companies having a dividend yield above 115% of the average dividend yield of the 50 biggest free float European market capitalization are kept
- The final selection consists of the 30 most liquid stocks

The weighting of each stock will be inversely proportional to its volatility.

On January 19, 2015, the composition of the Index is the following:

SCHEDULE II TO THE FINAL TERMS

TAXATION

You should carefully consider the matters set forth under “Tax Matters” in the accompanying Prospectus. This summary supplements the section “Tax Matters” in the accompanying Prospectus and is subject to the limitations and exceptions set forth therein.

The following is only a general description of certain tax considerations relating to the Notes with regard to a limited number of jurisdictions. It does not purport to be a complete analysis of all tax considerations relating to the purchase, beneficial ownership, and disposition of the Notes.

Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes.

This summary is based upon the law as in effect on the date of this Final Terms and is subject to any change in law that may take effect after such date (or even before with retroactive effect).

The Issuer makes no representation or warranty, whether express or implied, as to the completeness or accuracy of this summary.

EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

The EC Council Directive 2003/48/EC on the taxation of savings income (the “Savings Directive”) requires EU Member States to provide to the tax authorities of other EU Member States details of payments of interest and other similar income paid by a person established within its jurisdiction to (or for the benefit of) an individual or certain other persons in that other EU Member State (hereinafter “Disclosure of Information Method”), except that Austria and Luxembourg will instead impose a withholding system (hereinafter “Source Tax”) for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld) unless during such period they elect otherwise. A number of non-EU countries and territories (including Switzerland) have adopted similar measures (a withholding tax system in the case of Switzerland). The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

FRENCH TAXATION OF THE FRENCH RESIDENT NOTEHOLDERS

The Bonds redemption will be done net from any withholdings tax that the United States tax legislation could charge on the Noteholders (see above).

Based on the law as currently in effect in France, the following tax regime should be applicable.

However, please be aware that the following information is only a summary of both the French personal income tax and the French corporate income tax applicable to French Noteholders and that it is consequently recommended to French Noteholders to consult their own professional tax advisers to obtain a more accurate description of the tax regime applicable to their specific situation. For example the consequences of the acquisition of the Notes for the French net wealth tax are not mentioned in this briefing note.

From a French tax perspective, the Savings Directive was transposed into French law under Article 212 ter of the French Tax Code (FTC) and under Articles 49 I ter to 49 I sexies of the Annex 3 of the FTC.

1) French resident individual Noteholders holding bonds in their private assets and do not conduct stock market transactions under similar conditions to those which characterize an activity performed by a person who is a professional in that type of transactions.

Please note that the Notes are not eligible for the French PEA.

a) Income taxation.

Under French tax law currently in force, the income from bonds (interest and/or redemption premiums as defined under Article 238 septies A of the FTC) are subject to the progressive rate of French income tax when received.

However, before being subject to the progressive rate of French income tax, this income is subject to a 24% withholding tax.

Noteholders belonging to a tax home whose income tax reference of the penultimate year is less than €25.000 (single taxpayers, divorced, or widower) or € 50.000 (taxpayers subject to joint taxation) may request to be exempted from this levy.

This 24% withholding tax is offsetable against the French income tax owed in respect of the year during which the levy was applied (for example, for income received(?) in 2014; the levy is owed in 2014 and will be offsetable against the income tax paid in 2015 concerning income received(?) in 2014). The possible surplus is recoverable.

Individuals belonging to a tax home whose the amount of fixed income investments does not exceed €2.000 for one year, can elect to be subject to income tax at the proportional rate of 24%.

This income is also subject to French social security contributions at the cumulative rate of 15.5 % distributed as follows:

- (a) CSG at the rate of 8.2% whose 5.1% are deductible from the income tax basis in respect of the year of payment (articles 154 quinquies II FTC and L 136-7 CSS).
- (b) The social contribution at the rate of 4.5 %
- (c) The additional social contribution at the rate of 0.3% (Article L14-10-4, 2° CASF)
- (d) CRDS at the rate of 0.5% (Articles 1600-0G and 1600-0 J FTC).
- (e) The solidarity contribution at the rate of 2 % (Article 1600-0 S CSS)

Income from bonds, including redemption premiums, is also included in the notion of « income tax reference » which is the base of the « exceptional contribution of income tax » (Article 223 sexies FTC). This contribution is calculated by applying a rate of 3% to the fraction of the income tax reference between € 250.000 and € 500.000 for single taxpayers, widowed, separated or divorced, and the fraction between € 500.000 and € 1.000.000 for taxpayers subject to joint taxation) ; 4% to the fraction of the « income tax reference » exceeding € 500.000 for single taxpayers, widowed, separated or divorced and to the fraction higher than € 1.000.000 for taxpayers subject to joint taxation.

Moreover, when the amounts received at the maturity date are lower than amounts paid at the subscription date or upon the acquisition of the security, the corresponding loss is considered as a capital

loss, which cannot be deducted from the whole income of the Noteholder (BOI-RPPM-RCM-20-10-20-20 n°340 February 11 2014)

b) Capital gains.

The capital gains realized upon the transfer of the Notes are subject to the progressive rate of French income tax (art 200 A 2 of the FTC).

The capital gains are also subject to the 15.5 % social security contributions distributed as follows:

- (a) CSG at the rate of 8.2% whose 5.1% are deductible from the base of the income tax of the year of payment (articles 154 quinquies II FTC and L 136-7 CSS).
- (b) The social contribution at the rate of 4.5 %
- (c) The additional social contribution at the rate of 0.3% (Article L14-10-4, 2° CASF)
- (d) CRDS at the rate of 0.5% (Articles 1600-0G and 1600-0 J CGI).
- (e) The solidarity contribution at the rate of 2 % (Article 1600-0 S FTC).

Capital nets gains on the sale are included in the notion of « income tax reference » which is the base of the « exceptional contribution of income tax » (Article 223 sexies of the FTC).

c) Capital losses

Capital losses can be offset able against capital gains of the same nature realized during the same or the next ten years by the taxpayer himself, or in the case of married people or linked by a civil solidarity pact (PACS), by the two spouses or partners and children or other people recognized as dependent.

2) French resident corporate Noteholders

a) Income

Income from the Notes (interests and/ redemption premiums as defined under Article 238 sexies of the FTC) held by legal persons who are French tax residents are in principle taken into account for the purposes of their taxable result determination.

Under certain conditions redemption premiums are subject to a specific regime of actuarial spread as provided for by section 238 septies E of the FTC (or, if appropriate, based on the specific regime applicable to banks and insurance companies).

Interests and/or redemption premiums are subject to the French corporate tax at the standard rate of 33 1/3 % (or at the reduced rate of 15 % in the limit of € 38.120 of taxable profit per 12 month period, by companies fulfilling the turnover and capital conditions of Article 219 I b of the FTC).

A social contribution of 3.3% is also applicable under the provisions of article 235 ter C of the FTC: it is based on the corporate tax amount reduced by a discount that cannot exceed € 763.000 for a 12 month period. However companies which realized a turnover of less than € 7.630.000 and fulfilling the capital conditions of Article 235 ter ZC of the FTC are exempt.

Companies with a turnover exceeding € 250.000.000 are subject to an additional taxation of 10.7% of their corporate income tax (Article 235 ter ZAA of the FTC).

In addition, when the amounts perceived at maturity are lower than amounts paid upon subscription or acquisition, the loss is deductible from the taxable result.

b) Capital gains or losses.

Under current French tax legislation, capital gains or losses incurred upon a sale or transfer of the Notes by companies tax resident in France are taken into account for the purposes of their taxable result determination.

Please note that Credit institutions and investment companies have to evaluate the Bonds they hold at the end of the financial tax year, at their most recent market value. The difference resulting from this evaluation is taxable under the ordinary law conditions (article 38 bis A of the FTC).

In case of realization of capital gain, this capital gain is taxable at the corporate tax as described above. In case of a realization of capital loss, it is deductible from taxable income.

LUXEMBOURG TAXATION OF THE NOTEHOLDERS

Based on Art.4 of the Luxembourg law regarding withholding tax on certain interests realized on savings (loi de la retenue à la source libératoire sur certains interest produits par l'épargne mobilière du 23 décembre 2005, "RELIBI") in connection with the law of 25 November 2014 and the law of 21 June 2005 transposing the EU Savings Directive 2003/48/CE, any accrued or capitalized coupons received upon sale, redemption or repurchase of bonds will be considered as interest. According to Art.6 RELIBI, interest payments from a Luxembourg paying agent to a Luxembourg resident individual will be subject to 10% withholding tax. This is a lump-sum payment and therefore constitutes the final taxation of the interest amount.

Under the law of 25 November 2014 and the law of 21 June 2005 (Art.6, 1b) transposing the EU Savings Directive 2003/48/CE, any accrued or capitalized coupons received upon sale, redemption or repurchase of bonds will be considered as interest. Consequently, the coupons paid by a Luxembourg paying agent and received by an individual investor who is resident of another EU member state at maturity will be considered as interest and will therefore be within the scope of the above mentioned law. As from January 1, 2015 the former withholding tax of 35% applicable to interest is replaced by the exchange of information with the competent authority of the country where the beneficiary is resident.

Please note that in case a paying agent who is resident in another EU member state makes the interest payments to a Luxembourg individual beneficiary, the individual beneficiary can opt for the withholding tax of 10% under certain conditions.

Finally, interest payments from a Luxembourg paying agent, to a Luxembourg company or a company in another EU member state will not be within the scope of the Luxembourg law transposing the EU Savings Directive and the RELIBI.

As a result, any coupon payments from a Luxembourg paying agent at maturity to a Luxembourg resident individual beneficiary will be subject to a 10% withholding tax based on the domestic RELIBI. In case the interest is paid by BP2S to an individual beneficiary resident in another EU member state these payments will be submitted to the exchange of information between the competent Tax Administrations. Neither an exchange of information nor a withholding tax will apply on interest payments to Luxembourg companies under the above mentioned laws.

SWISS TAXATION OF THE NOTEHOLDERS

The following Swiss tax summary is valid at the time of the issuance of the Notes. It is for general information only and does not purport to be a comprehensive description of all Swiss tax consequences that may be relevant to a decision to purchase, own or dispose of the Notes. Swiss tax laws and the practice of the Swiss tax authorities may change, possibly with retroactive effect. Prospective purchasers of the Notes should consult their own tax advisers concerning the tax consequences of purchasing, holding and disposing of the Notes in the light of their particular circumstances.

a) Swiss Withholding Tax

The Notes are not subject to Swiss withholding tax.

However, on December 17, 2014 the Swiss Federal Council issued draft legislation, which, if enacted, may require a paying agent in Switzerland to deduct Swiss withholding tax at a rate of 35 per cent. on any payment of interest in respect of a security to an individual resident in Switzerland. If this legislation or similar legislation were enacted and a payment in respect of a Note were to be made or collected through Switzerland and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer, nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax.

b) Swiss Stamp Duties

For Swiss stamp duty purpose, the Notes are treated as analogous to a foreign bond. Therefore, the issuance of the Notes is not subject to Swiss stamp duty (primary market). However, secondary market transactions of the Notes are subject to Swiss stamp duty ("*Umsatzabgabe*") if a Swiss securities dealer is a party or an intermediary to the transaction and no exemption applies.

c) Swiss Income Tax

The following income tax treatment is only applicable for private investors with tax domicile in Switzerland holding the Notes as part of their private assets.

For Swiss income tax purpose the Notes are transparent structured financial products composed of a bond and one or more option and classify as "bonds with a predominant one-time interest payment" (*Obligationen mit überwiegender Einmalverzinsung; IUP*). For private investors with tax domicile in Switzerland the increase of the value of the bond part (according to the "*Modifizierte Differenzbesteuerung*") at sale or at redemption is subject to Swiss federal as well as cantonal and communal income tax. Such an investor is taxed on the difference between the value of the bond part at purchase* and the value of the bond part at sale* or redemption*. However, any gain derived from the option is considered as capital gain and is therefore for such investors in general subject to neither Swiss federal nor cantonal and communal income tax.

*each to be converted into CHF at the prevailing exchange rate at purchase and sale or redemption (if applicable).

d) EU Savings Tax

For Swiss paying agents, the Notes are not subject to EU savings tax (TK 2).

e) Foreign Final Withholding Tax

Swiss paying agents may be required to deduct final foreign withholding tax on payments on the Notes held by an individual resident in Austria or the United Kingdom on an account or deposit with a Swiss paying agent. Similar treaties with other European countries may follow.

MONACO TAXATION OF THE NOTEHOLDERS

The statements herein regarding taxation are based on the laws and regulations in force in the Principality of Monaco. The following tax overview does not purport to be a comprehensive description of all the tax considerations, which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its own tax advisor as to the Monaco tax consequences of any investment in or ownership and disposition of the Notes. French nationals domiciled in Monaco should also consult their own French tax advisor further to the acquisition, ownership and/or disposal of Notes as they will be deemed to be French tax residents for taxation purposes (except French nationals able to prove five years of habitual residence in the Principality of Monaco on 13 October 1962 or those who have maintained this residence since that date).

EU Savings Withholding Tax

Pursuant to European Council Directive 2003/48/EC dated 3 June 2003 on the taxation of savings income and as regards to the Monegasque Sovereign Order n°101 of 20 June 2005 and the Monegasque Sovereign Order n°4.841 of 6 April 2014, a withholding tax is levied on savings income in the form of interest payments to beneficial owners residing in a EU member state.

Under the EU Savings Directive and further to the agreement signed between the Principality of Monaco and the European Community on 7 December 2004, a Monaco based paying agent is required since 1st July 2005 to withhold tax on interest and other similar income paid to an individual resident in another member state, unless the beneficiary of the interest payments elects for an exchange of information.

The current effective withholding tax rate is 35%.

If the beneficiary of such an interest payment in the Principality of Monaco elects for an exchange of information, the tax will not be withheld on interest paid in the Principality of Monaco and the beneficiary of such interests shall instruct the paying agent based in the Principality of Monaco to disclose the relevant and corresponding information on received or credited interest payments to the Monaco tax administration. The corresponding information is then sent by the Ministry of Finance and Economy of the Principality of Monaco to the competent authority of the State of residence of the beneficiary of that income.

Pursuant to article 7 of the Sovereign Order n°101 of 20 June 2005, the withholding tax declaration, along with payment, must be submitted to the Monaco tax administration before 31st March of the year following the interest payments.

Pursuant to article 8 of the Sovereign Order n°101 of 20 June 2005, the declaration authorizing information disclosure to the country of residence must be submitted to the Monaco tax administration before 31st March of the year following the interest payments.

Taxation on Income and Capital Gains

Non-residents

A Noteholder, that is not deemed to be and has not elected to be treated as resident in the Principality of Monaco for tax purposes will not be subject to Monaco taxation on income and capital gains derived or deemed to be derived from a Note, unless, and under specific circumstances deriving from the activity carried out as below mentioned, the income or capital gain is attributable to a corporate entity or an enterprise, which is either carried out through a permanent establishment or a permanent representative in the Principality of Monaco or effectively managed in the Principality of Monaco.

Residents

Resident corporate entities

A corporate entity holding a Note, which is, or is deemed to be, resident in the Principality of Monaco for corporate tax purposes and, which is not tax exempt, will generally be subject to corporate income tax in respect of income and capital gains derived or deemed to be derived from a Note at the prevailing statutory rates.

Only corporate entities or enterprises carrying out an industrial or commercial activity and generating for more than 25% of their turnover outside the Principality of Monaco are subject to corporate income tax.

Interest and/or redemption premiums are subject, under the abovementioned conditions, in principle, to the standard corporate income tax rate at 33.33%. Any loss deriving from a negative difference at the maturity date will be deductible from the taxable result basis.

A specific reduced tax rate is applied pursuant to a business start-up scheme.

Corporate entities and enterprises incorporated in the Principality of Monaco and falling within the scope of corporate income tax, that carry on a complete new business, are exempt from said tax for a period of two years and subsequently benefit from a favourable regime for the three following years at reduced tax rates (the tax applies to 25 % of profits for the 3rd financial year; to 50% of profits for the 4th financial year; to 75% of profits for the 5th financial year and the normal standard corporate tax rate applies as from the 6th financial year).

Capital gains on transfer of deemed fixed assets are, in principle, included in taxable profits except only if the corporate entity or enterprise undertakes to reinvest in fixed assets an amount equal to the cost price of the assets transferred, plus the amount of capital gain within a period of three years.

Capital gains are taxed at the standard corporate income tax rate at 33.33% (except businesses subject to business start-up scheme as above). Capital losses are deductible from taxable results.

Resident individuals

An individual holding a Note, who is or is deemed to be, or has elected to be treated as resident in the Principality of Monaco for income tax purposes, will not be subject to personal income tax in the Principality of Monaco in respect of income or capital gain derived from a Note.

French Nationals, who are Monaco domiciled

French Nationals, who are Monaco domiciled, will remain treated as French tax residents for taxation purposes pursuant to the Bilateral Convention between France and Monaco dated 18 May 1963 and will

be taxed to French personal income tax at a progressive tax rate under the specific conditions raised by the French regulations and the French Tax Code.

Any natural or legal person, that pays interests, investment income and similar income, to natural or legal persons domiciled or established in France or to persons of French nationality domiciled in Monaco, who do not hold a certificate of residence, must within the first quarter of the year declare to the Monaco tax administration the income or revenue earned by the beneficiaries in the preceding year.

Gift and Inheritance Taxes

Monaco gift or inheritance taxes will be levied on the transfer of assets located in the Principality of Monaco and held by banks and financial institutions established in the Principality of Monaco by way of gift or by death. Gift and inheritance taxes are not charged in the Principality of Monaco on transfers between husband and wife or in direct line (between parents and children, grandparents and grandchildren).

Residence

A holder of a Note will not be and will not be deemed to be resident in the Principality of Monaco for tax purposes and, subject to the exceptions set out above, will not otherwise be subject to Monaco taxation, by reason only on investing in, acquiring, holding or disposing of a Note or the execution, performance, delivery, and/or enforcement of a Note.

Value added tax

There is no Monaco value added tax payable by a holder of a Note in respect of the payment of interest or principal under the Note, or the transfer of the Note.

Other Monaco taxes and duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty, will be payable in the Principality of Monaco by a holder in respect or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

IBRD

The International Bank for Reconstruction and Development is an international organization established in 1945 and owned by 185 member countries. As a global development cooperative, IBRD's purpose is to help its members achieve equitable and sustainable growth in their economies and find solutions to pressing regional and global problems in economic development and environmental sustainability, all with a view to reducing poverty and improving standards of living. It pursues these goals by providing financing, risk management products, and other financial services, specialized expertise and strategic and convening services as requested by its member countries.

IBRD's principal office is located at The World Bank, 1818 H Street, NW, Washington, DC 20433 USA.

The financial strength of IBRD is reflected in the capital backing it has received from its members and in the record of its member country borrowers in meeting their debt service obligations to IBRD. IBRD's financial policies and practices have led it to build reserves, to diversify its funding sources, to hold a large portfolio of liquid investments and to limit market and credit risk. The Notes will be issued in series (each a “Series” or “Series of Notes”). Each Series comprises the original tranche (a “Tranche”) and any additional Tranches expressed to form a single series with the original Tranche and that comply with the provisions of Condition 11. The specific terms of each Tranche will be set out in the applicable Final Terms.
Description of Notes	Notes may be either interest bearing at fixed or floating rates or non-interest bearing, with principal repayable at a fixed amount or by reference to one or more indices or formulae or any combination of the above, as specified in the applicable Final Terms.
Fixed Rate Notes.....	Fixed Rate Notes will bear interest at the rate or rates specified in the applicable Final Terms.
Floating Rate Notes.....	Floating Rate Notes will bear interest determined separately for each Series as follows: <ul style="list-style-type: none"> (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc.; or (ii) by reference to a benchmark as specified in the applicable Final Terms as adjusted for any applicable margin, or as otherwise specified in the applicable Final Terms. Interest periods will be specified in the applicable Final Terms.
Zero Coupon Notes	Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.
Index Linked Notes.....	Payments of principal in respect of Notes where the final redemption amount is described as being index-linked in the applicable Final Terms and payments of interest in respect of Notes which are described as Index Linked Interest Notes in the applicable Final Terms will be calculated by reference to such Index and/or Formula (each as defined herein) as may be specified in the applicable Final Terms.
Fixed Redemption Amount Notes.....	Notes which have a fixed redemption amount will be redeemable at par or at a specified amount above or below par.
Redemption by Instalments.....	The applicable Final Terms in respect of each Series of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be

	redeemed.
Optional Redemption.....	The applicable Final Terms will state whether Notes may be redeemed prior to their stated maturity in whole or in part at the option of IBRD and/or the holders, and, if so, the terms applicable to such redemption. Any limitations imposed by applicable law relating to the redemption of Notes denominated in any Specified Currency will be specified in the applicable Final Terms.
Other Notes.....	Terms applicable to variable redemption amount Notes, high interest Notes, low interest Notes, step-up Notes, step-down Notes, dual currency Notes, reverse dual currency Notes, optional dual currency Notes, Partly-paid Notes and any other type of Notes that IBRD and any Dealer or Dealers may agree to issue under the Facility will be set out in the applicable Final Terms.
Status of Notes	Notes will constitute direct, unsecured obligations of IBRD ranking <i>pari passu</i> with all its other unsecured and unsubordinated obligations. Notes will not be obligations of any government.
Negative Pledge	Notes will contain a negative pledge clause pursuant to which IBRD will not cause or permit to be created on any of its property or assets any security for any evidences of indebtedness issued, assumed or guaranteed by IBRD for money borrowed (other than any purchase money mortgage, pledge or lien, on property purchased by IBRD as security for all or any part of the purchase price thereof, any lien arising in the ordinary course of business, or any extension or renewal of any of the foregoing), unless the Notes shall be secured by such security equally and ratably with such other evidences of indebtedness.
Default (including Cross Default).....	Notes will contain a cross default in respect of bonds, notes or similar obligations issued, assumed or guaranteed by IBRD. If IBRD defaults on payments under the Notes or under its cross default, and such default continues for 90 days, a Noteholder may accelerate its Notes for payment 30 days after notice of acceleration is delivered to IBRD, unless prior to that time all such defaults have been cured.
Tax Status.....	Notes and payments thereon will not be exempt from taxation generally. Under IBRD's Articles, the Notes and payments thereon are not subject to any tax by a member (a) which tax discriminates against the Notes solely because they were issued by IBRD or (b) if the sole jurisdictional basis for the tax is the place or currency in which the Notes are issued, made payable or paid, or the location of any office or place of business maintained by IBRD. Also, under the Articles, IBRD is not under any obligation to withhold or pay any tax imposed by any member country on payments on the Notes. Accordingly, payments on the Notes will be made to the Federal Reserve Bank of New York (the "Fiscal Agent") and the Global Agent

without deduction in respect of any such tax.

However, tax withholding requirements may apply to payments made by financial intermediaries acting in any capacity other than as IBRD's Fiscal Agent or Global Agent.

Form of Notes

The Notes may be issued in bookentry form, bearer form ("Bearer Notes") or in registered form ("Registered Notes"). Fed Bookentry Notes, which are Notes denominated and payable in U.S. dollars cleared through the bookentry system of the Federal Reserve Banks (the "Federal Reserve"), will be in bookentry form and may not be exchanged for Notes in registered form or for Notes in bearer form.

Unless the issuance is intended to qualify as a targeted bearer issuance described in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(3)(iii) (a "targeted bearer issuance"), each Tranche of Bearer Notes will be represented upon initial issuance by a temporary Global Note (a "Temporary Global Note") which may be exchanged (i) after a period of not less than 40 days from the date of issue for either (a) a permanent Global Note (a "Permanent Global Note") upon certification of non-U.S. beneficial ownership in accordance with the applicable rules and regulations promulgated by the U.S. Treasury, or (b) definitive Bearer Notes upon certification of non-U.S. beneficial ownership in accordance with the applicable rules and regulations promulgated by the U.S. Treasury; or (ii) if the applicable Final Terms so provides, in certain circumstances, for certificates representing Registered Notes ("Certificates") representing the amount of Notes so exchanged, in each case as provided in the applicable Final Terms. Each Tranche of Bearer Notes issued as part of a targeted bearer issuance will be represented upon initial issuance by a Permanent Global Note or, if specified in the applicable Final Terms, Bearer Notes in definitive bearer form ("Definitive Bearer Notes").

Each Tranche of Registered Notes will be represented upon initial issuance by one or more Certificates, each evidencing an individual Noteholder's entire interest in such Registered Notes. Certificates representing Registered Notes that are registered in the name of a nominee for one or more clearing systems are referred to as "Global Certificates".

Specified Denominations

The Specified Denomination(s) with respect to the relevant Notes will be specified in the Final Terms.

Listing

As specified in the applicable Final Terms, a Series of Notes may be admitted to the Official List and to trading on the Luxembourg Stock Exchange's regulated market. Unlisted Notes and Notes listed on other or additional stock exchanges may also be issued under the Facility. The applicable Final Terms will state whether the relevant issue of Notes will be listed on one or more stock exchanges or will be unlisted.

Ratings	<p>The Facility has been rated AAA by Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc ("S&P") and Aaa by Moody's Investors Service, Inc ("Moody's"). As defined by S&P, an "AAA" rating means that the ability of IBRD to meet its financial commitment on its obligations is extremely strong. As defined by Moody's, an "Aaa" rating means that IBRD's ability to meet its financial obligations is judged to be of the highest quality, with minimal credit risk.</p> <p>A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.</p>

Selling Restrictions	<p>The sale and delivery of Notes, and the distribution of offering material relating to the Notes, are subject to certain restrictions in the United States and in certain other jurisdictions as set forth in this Prospectus and as may be set forth in the applicable Final Terms. In particular, the Notes are not required to be registered under the United States Securities Act of 1933. Initial Delivery of Notes.....

On or before the issue date for each Tranche of Bearer Notes, if the relevant Global Note is intended to be recognized as eligible collateral for Eurosystem monetary policy and intra-day credit operations, such Global Note will be delivered to a common safekeeper (the “Common Safekeeper”) for Euroclear and Clearstream, Luxembourg (such Global Notes are issued in new global note (“NGN”) form). On or before the issue date for each Tranche of Bearer Notes, if the relevant Global Note is not intended to be recognized as eligible collateral for Eurosystem monetary policy and intra-day credit operations, unless otherwise agreed among IBRD, the Global Agent and the relevant Dealer, IBRD will deposit (i) a Temporary Global Note representing Bearer Notes (except in the case of a targeted bearer issuance) or (ii) a Permanent Global Note or Definitive Bearer Notes in the case of a targeted bearer issuance with a common depositary for Euroclear and Clearstream, Luxembourg, or any other clearing system specified in the applicable Final Terms (such Global Notes are issued in classic global note (“CGN”) form). On or before the issue date for each Tranche of Registered Notes, unless otherwise agreed among IBRD, the Global Agent and the relevant Dealer, the Global Agent will deposit a Global Certificate representing Registered Notes with a custodian for Euroclear, Clearstream, Luxembourg, DTC or any other clearing system specified in the applicable Final Terms, which Global Certificates will be registered in the name of a nominee for the common depositary for Euroclear and Clearstream, Luxembourg or for DTC or such other clearing system.

RISK FACTORS

The following section does not describe all the risks (including those relating to each prospective investor's particular circumstances) with respect to an investment in the Notes of a particular series, including the interest rate, exchange rate or other indices, relevant specified currencies, calculation formulae, and redemption, option and other rights associated with such Notes or when the investor's currency is other than the Specified Currency of issue or in which the payment of such Notes will be made. Prospective investors should refer to and carefully consider the applicable Final Terms for each particular issue of Notes, which may describe additional risks associated with such Notes. The risks in the following section and the applicable Final Terms are provided as general information only. IBRD disclaims any responsibility to advise prospective investors of such risks as they exist at the date of this Prospectus or Final Terms or as such risks may change from time to time. Prospective investors should consult their own financial and legal advisors about risks associated with an investment in an issue of Notes. Certain Notes are complex financial instruments and may not be suitable for all investors. Prospective investors should have the financial status and sufficient knowledge and experience in financial and business matters to evaluate the information contained in this Prospectus and the applicable Final Terms and the merits and risks of investing in a particular issue of Notes in the context of their financial position and particular circumstances. Prospective investors should have the ability and expertise, and/or access to the appropriate analytical resources, to analyze such investment, to evaluate the sensitivity of such investment to changes in economic conditions, interest rate, exchange rate or other indices, the relevant calculation formulae, the redemption, option and other rights associated with such investment, and other factors which may have a bearing on the merits and risks of such investment, and the suitability of such investment in such investor's particular circumstances. In addition, prospective investors should have the financial capacity to bear the risks associated with any investment in such Notes and should review, among other things, the most recent audited and unaudited financial statements of IBRD incorporated by reference into this Prospectus when deciding whether or not to purchase any Notes. Words and expressions defined or used in "Terms and Conditions of the Notes" shall have the same meaning in this section.

Notes linked to the performance of interest rate indices are subject to risks not associated with a conventional debt security and which may result in the reduction of the interest, principal and/or premium payable on Notes

An investment in Notes, the principal or premium of which is determined by reference to one or more interest rate indices, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risk that the resulting interest rate will be less than that payable on a conventional debt security issued by IBRD at the same time and that the investor could lose all or a substantial portion of the principal of its Note or that no premium may be payable thereon. The secondary market for such Notes will be affected by a number of factors independent of the creditworthiness of IBRD and the value of the applicable interest rate index or indices, including the volatility of such interest rate index or indices, the method of calculating the index, principal or premium, the time remaining to the maturity of the Notes, the outstanding nominal amount of the Notes and market interest rates. The value of any applicable interest rate indices should not be taken as an indication of the future performance of such interest rate indices during the term of any Note.

Notes are subject to exchange rate and exchange control risks if the investor's currency is different from the Specified Currency

Notes may be denominated or payable in one of a number of currencies. For investors whose financial activities are denominated principally in a currency (the "Investor's Currency") other than the Specified Currency or where principal of, premium (if any) or interest on Notes is payable by reference to a Specified Currency index other than an index relating to the Investor's Currency, an investment in the Notes entails significant risks that are not associated with a similar investment in a security denominated in that Investor's Currency.

Such risks include, without limitation, the possibility of significant changes in the rate of exchange between the Specified Currency and the Investor's Currency and the possibility of the imposition or modification of exchange controls by the country of the Specified Currency or the Investor's Currency. Such risks generally depend on economic and political events over which IBRD has no control. In recent years, rates of exchange have been volatile and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur in the future. Depreciation of the Specified Currency against the Investor's Currency would result in a decrease in the Investor's Currency equivalent yield on a Note denominated in that Specified Currency, in the Investor's Currency equivalent value of the principal payable at maturity of such Note and generally in the Investor's Currency equivalent market value of such Note. An appreciation of the Specified Currency against the Investor's Currency would have the opposite effect. In addition, depending on the specified terms of a Note denominated in, or the payment of which is related to the value of, one or more currencies, changes in exchange rates relating to any of the currencies involved may result in a decrease in such Note's effective yield and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of a Note to the investor.

Governments have imposed from time to time, and may in the future impose, exchange controls which could affect exchange rates as well as the availability of a Specified Currency at the time of payment of principal, premium (if any) or interest in respect of a Note. Even if there are no actual exchange controls, it is possible that the Specified Currency for payment on any particular Note may not be available when payments on such Note are due.

Structured Notes are subject to risks that are not associated with a conventional debt security including changes in interest rates and exchange rates which may result in reduction in the interest, principal and/or premium payable on Structured Notes

An investment in a Structured Note issued by IBRD entails risks (which may be significant) not associated with an investment in a conventional debt security issued by IBRD. A "Structured Note" is a Note with principal, premium (if any) or interest determined by reference to one or more interest rate indices or currency or currency units (including exchange rates and swap indices between currencies or currency units), or one or more stock market, commodities or other indices or formulae (each an "Applicable Index") (other than a single conventional interest rate index or formula, such as LIBOR) or features such as embedded options, caps or floors. Such risks may include, without limitation, the possibility that an Applicable Index may be subject to significant changes, that changes in an Applicable Index may not correlate with changes in interest rates or exchange rates generally or with changes in other indices, that two or more indices or formulae that may be expected to move in tandem or in any other relation to each other may unexpectedly converge or diverge or otherwise not move as expected, that the resulting interest rate may be less than that payable on a conventional debt security issued by IBRD at the same time or that no interest may be payable, that the repayment of principal may occur at times other than that expected by the investor, that the investor may lose a substantial portion of the principal of its Note (whether payable at maturity, upon redemption or otherwise), that the amount of premium based on appreciation rights payable may be substantially less than anticipated or that no such premium is payable, that Structured Notes may have more volatile performance results, and that the effects of currency devaluations and (as discussed under "Risk Factors — Notes are subject to exchange rate and exchange control risks if the investor's currency is different from the Specified Currency") the imposition or modification of exchange controls by authorities with jurisdiction over a relevant currency may be greater for Structured Notes than for conventional debt securities issued by IBRD. Such risks generally depend on a number of factors, including financial, economic and/or political events over which IBRD has no control. In addition, if an Applicable Index used to determine the amount of interest payable contains a spread or margin multiplier or if the Applicable Index used to determine the principal, premium (if any) or interest payable is subject to some other leverage factor, the effect of any change in such Applicable Index on the principal, premium (if any) or interest may be magnified. If an Applicable Index includes, or is subject to, a maximum ("cap") or minimum ("floor") interest rate limitation, the interest or principal payable on such Structured Note may be less than that payable on a conventional debt security issued by IBRD at the same time. Two issues of Structured Notes issued at the same time and with interest

rates determined by reference to the same Applicable Index and otherwise comparable terms may have different interest rates and yields when issued and thereafter if the frequency of interest rate adjustments for each issue is different. In recent years, certain interest rates, currencies, currency units, exchange rates and stock market, commodities or other indices have been highly volatile and such volatility may continue in the future. Fluctuations in any particular interest rate, currency, currency unit, exchange rate or such other index that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur in the future.

The timing of changes in the level of an Applicable Index may affect the actual yield to an investor, even if the average level is consistent with the investor's expectation. In general, the earlier a change in the level of an Applicable Index occurs, the greater the effect on an investor's yield. This is especially the case with Structured Notes providing for repayment of principal at one or more times prior to maturity. As a result, the effect on an investor's yield of an Applicable Index level that is lower (or higher) during earlier periods than the rate anticipated by the investor may not be offset by a later equivalent increase (or reduction).

Any optional redemption feature of Notes is likely to affect the market value of such Notes. During any period in which such Notes are subject to redemption at the option of IBRD, their market value generally will not rise substantially above the redemption price because of the increased likelihood of redemption by IBRD, and this also may be true prior to any such period. IBRD may be expected to redeem such Notes in circumstances where IBRD's cost of borrowing is lower than the interest rate on such Notes. At such times, an investor generally would not be able to reinvest redemption proceeds at an effective interest rate which is as high as the interest rate on such Notes, and such reinvestment might only be at a significantly lower rate. Investors should consider the related reinvestment risk in light of other investments that may be available to such investors. A partial redemption of an issue of Notes also may adversely affect liquidity for the remaining outstanding Notes of such issue.

Prospective investors should consult their own financial and legal advisors about risks associated with an investment in an issue of Structured Notes. Structured Notes may be complex financial instruments and may not be suitable for all investors.

There may be no secondary market for Notes and, even if there is, the value of Notes will be subject to changes in market conditions

Notes may not have an established trading market when issued. There can be no assurance of a secondary market for any Notes or the liquidity of such market if one develops. Consequently, investors may not be able to sell their Notes readily or at prices that will enable them to realize a yield comparable to that of similar instruments, if any, with a developed secondary market. This is particularly the case for Structured Notes that are especially sensitive to interest rate, currency or other market risks, that are designed for specific investment objectives, or strategies or that have been structured to meet the investment requirements of limited categories of investors, which may have a more limited secondary market and less or no liquidity and may experience more price volatility than conventional debt securities. Illiquidity may have a severe adverse effect on the market value of Structured Notes.

Depending upon the type of Notes, market conditions and other factors, investors seeking to sell relatively small or relatively large amounts of Notes may not be able to do so at prices comparable to those that may be available to other investors.

The secondary market for an issue of Notes also will be affected by a number of other factors independent of the creditworthiness of IBRD and the value of any Applicable Index. These factors may include the complexity and volatility of such Applicable Index, the method of calculating the principal, premium (if any) or any interest to be paid in respect of such Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any amortization or optional redemption features of such Notes, the amount of other securities linked to such Applicable Index, the amount of such Notes being sold in the secondary market from time to time, any legal restrictions limiting demand for such Notes, the

availability of comparable securities, and the level, direction and volatility of market interest rates generally. Such factors will also affect the market value of the Notes.

No investor should purchase Notes unless such investor understands and is able to bear the risk that certain Notes may not be readily saleable, that the value of Notes will fluctuate over time, and that such fluctuations may be significant and could result in significant losses to such investor. This is particularly the case for investors whose circumstances may not permit them to hold the Notes until maturity.

In addition to the foregoing considerations, the following additional considerations, among others, relate to the Notes indicated below.

The market value of Notes bearing interest at a Floating Rate with caps or floors generally is more volatile than that of Notes bearing interest at a Floating Rate linked to the same Applicable Index without caps or floors, especially when the Applicable Index approaches the cap or floor. Similarly, the prices of Notes bearing interest at a Floating Rate with an Applicable Index containing a rate multiplier or other leverage factor greater than one generally are more volatile than those for Notes bearing interest at a Floating Rate linked to the same Applicable Index without such a rate multiplier or other leverage factor.

In the case of Notes bearing interest at a Floating Rate with an interest rate equal to a fixed rate less a rate based upon the Applicable Index, the interest rate will vary in the opposite direction of changes in such Applicable Index. The prices of such Notes typically are more volatile than those of conventional floating rate debt securities issued by IBRD based on the same Applicable Index (and with otherwise comparable terms). This increased volatility is due to the fact that an increase in the Applicable Index not only decreases the interest rate (and consequently the value) of such Note, but also reflects an increase in prevailing interest rates, which further adversely affects the value of such Note.

In the case of Notes that bear interest at a rate that IBRD may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate, the ability of IBRD to convert the interest rate will affect the secondary market and the value of such Notes since IBRD may be expected to elect such conversion when it would be expected to produce a lower overall cost of borrowing to IBRD. If IBRD elects to convert from a Fixed Rate to a Floating Rate, the Margin may be lower (if being added to the Applicable Index) or higher (if being subtracted from the Applicable Index) than prevailing spreads or margins at the time of such conversion on other floating rate securities issued by IBRD with comparable maturities using the same Applicable Index, and the interest rate at any time may be lower than that payable on other securities of IBRD. Conversely, if IBRD elects to convert from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than prevailing interest rates on other securities of IBRD.

The prices at which zero coupon instruments, such as Zero Coupon Notes, interest components and, in certain cases, principal components, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do such prices for conventional interest-bearing securities with comparable maturities. This also is generally true in the case of other instruments issued at a substantial discount or premium from the nominal amount payable on such instruments, such as Notes issued at a substantial discount to their nominal amount or Notes issued with significantly above-market interest rates. Generally, the longer the remaining term of such instruments, the greater their price volatility as compared to that for conventional interest-bearing securities with comparable maturities.

Investment in Notes may not be legal for all investors

Investors should consult their own legal advisors in determining whether and to what extent Notes constitute legal investments for such investors and whether and to what extent Notes can be used as collateral for various types of borrowings. In addition, financial institutions should consult their legal advisors or regulators in determining the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Investors whose investment activities are subject to investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt

securities, which may include Notes. Investors should review and consider such restrictions prior to investing in Notes.

Changes in creditworthiness of IBRD's borrowers may affect the financial condition of IBRD

IBRD makes loans directly to, or guaranteed by, its member countries. Changes in the macroeconomic environment and financial markets in these member countries may affect their creditworthiness and repayments made to IBRD. IBRD's Articles limit its outstanding loans, equity investments and guarantees to the total amount of its subscribed capital, reserves and surpluses.

Investors may need to purchase more Notes to ensure that they hold an amount equal to one or more Specified Denominations

In relation to any issue of Bearer Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of the minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Bearer Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions (the “Conditions” and each a “Condition”) that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the applicable Final Terms, will apply to the Notes referred to in such Final Terms. If Notes are to be printed in definitive form, these Conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions) shall be endorsed on the Definitive Bearer Notes (as defined below) or on the Certificates (as defined below) relating to such Registered Notes (as defined below). All capitalized terms used and not defined in these Conditions will have the meaning ascribed to them in the Final Terms.

The Registered Notes (as defined in Condition 1(a)) and the Bearer Notes (as defined in Condition 1(a)) are issued in accordance with an amended and restated global agency agreement dated as of May 28, 2008 (as amended and supplemented from time to time, the “Global Agency Agreement”) and made between IBRD and Citibank, N.A., London Branch (the “Global Agent”, which expression shall include any successor global agent under the Global Agency Agreement) and, in the case of Registered Notes and Bearer Notes governed by English law, with the benefit of a Deed of Covenant (as amended or supplemented as at the Issue Date, the “Deed of Covenant”) dated as of May 28, 2008 executed by IBRD in relation to the Notes. The original executed Deed of Covenant is held by the Global Agent. The Global Agency Agreement includes forms of the Notes (other than Fed Bookentry Notes (as defined in Condition 1(a)) and the receipts (if any) for the payment of instalments of principal (the “Receipts”) relating to Notes in bearer form of which the principal is payable in instalments, the coupons (if any) attaching to interest-bearing Notes in bearer form (the “Coupons”) and the talons (if any) for further Coupons relating to such Notes (the “Talons”). Copies of the Global Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Global Agent and Calculation Agent, the Exchange Agent, the Registrar, the Transfer Agents and the Paying Agents (each as defined below). The Global Agency Agreement provides for the appointment of other agents, including a calculation agent (the “Calculation Agent”, which expression shall mean in respect of any issue of Notes any other calculation agent appointed in respect of such issue pursuant to the Global Agency Agreement or another agreement and designated as such on such Notes), an exchange agent (the “Exchange Agent”), one or more paying agents (together with the Global Agent, the “Paying Agents”), one or more transfer agents (together, the “Transfer Agents”) and a registrar (the “Registrar”). The Global Agent, the Calculation Agent, the Exchange Agent, the Registrar, the Transfer Agents, the Paying Agents and the Federal Reserve Bank of New York are together referred to herein as the “Agents”. The Noteholders (as defined below) and the holders of the Coupons (if any) and, where applicable, Talons (the “Couponholders”) and the holders of the Receipts are bound by and deemed to have notice of, and are entitled to the benefit of, all of the provisions of the Global Agency Agreement, the Deed of Covenant and the Final Terms, which are applicable to them.

The Fed Bookentry Notes are issued in accordance with a uniform fiscal agency agreement dated as of July 20, 2006 (as amended and supplemented from time to time, the “Fiscal Agency Agreement”) and made between IBRD and the Federal Reserve Bank of New York, as fiscal and paying agent (the “Fiscal Agent”). Copies of the Fiscal Agency Agreement are available for inspection at the specified offices of the Fiscal Agent.

In these Conditions, “Noteholder” means the bearer of any Bearer Note and the Receipts relating to it or the Federal Reserve Bank of New York for Fed Bookentry Notes or the person in whose name a Registered Note is registered, and “holder” (in relation to a Bearer Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or, in relation to a Fed Bookentry Note, the Federal Reserve Bank of New York or, in relation to a Registered Note, the person in whose name a Registered Note is registered, as the case may be.

For Notes which are not Definitive Bearer Notes, Fed Bookentry Notes or individually certificated Registered Notes represented by Certificates (each as defined in Condition 1(a)), references in these Conditions to terms specified on a Note or specified hereon shall be deemed to include references to terms specified in the applicable final terms issued in respect of a particular issue of Notes of which such Note

forms a part (each a “Final Terms”) and which will be attached to such Note. For Notes which are Fed Bookentry Notes, references in these Conditions to terms specified on a Fed Bookentry Note or specified hereon shall be deemed to be references to the Final Terms applicable to such Fed Bookentry Note.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the applicable Final Terms in relation to such Series. All capitalized terms that are not defined in these Conditions will have the meanings given to them in the applicable Final Terms.

1. Form, Denomination, Title and Specified Currency

(a) *Form:* Each issue of Notes of which this Note forms a part (the “Notes”) is issued as:

- (i) registered notes (other than those registered notes issued in exchange for Fed Bookentry Notes (as defined in Condition 1(a)(ii)) (“Registered Notes”) in the nominal amount of a Specified Denomination (as defined in Condition 1(b));
- (ii) uncertificated bookentry notes (“Fed Bookentry Notes”) in the nominal amount of a Specified Denomination; and/or
- (iii) bearer notes (“Bearer Notes”) in the nominal amount of a Specified Denomination,

as specified on such Note, and these Conditions must be read accordingly. An issue of Notes may comprise either Bearer Notes only, Registered Notes only, Registered Notes and Bearer Notes only, or Fed Bookentry Notes only (except as provided in Condition 2(b)).

Bearer Notes may be issued in global form (“Global Notes”) and/or definitive bearer form (“Definitive Bearer Notes”). Bearer Notes in definitive form are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, except in the case of Notes that do not bear interest, in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Bearer Note the nominal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Registered Notes are represented by registered certificates (“Certificates”) in global and/or definitive form. Except as provided in Condition 2(c), one Certificate (including Certificates in global form) representing the aggregate nominal amount of Registered Notes held by the same holder will be issued to such holder, unless more than one Certificate is required for clearance and settlement purposes. Each Certificate will be numbered serially with an identifying number, which will be recorded in the register (the “Register”) kept by the Registrar.

(b) *Denomination:* “Specified Denomination” means the denomination or denominations specified on such Note.

(c) *Title:*

(d) *Exchange of Bearer Notes*: Subject as provided in Condition 2(g), and if so provided hereon, Bearer Notes may be exchanged for the same aggregate nominal amount of Registered Notes of the same Series at the request in writing of the relevant Noteholder and upon surrender of each Bearer Note to be exchanged, together with all unmatured Receipts, Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where such Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(a)) for any payment of interest, the Coupon in respect of that

payment of interest need not be surrendered with it. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination.

(e) *Delivery of New Certificates and Notes:* New Certificate(s) or Note(s) issued upon any transfer, exchange, partial redemption or partial exercise of options in accordance with this Condition 2 shall be mailed by uninsured post at the risk of the holder entitled to the new Certificate or Note to such address as may be so specified in the request for transfer or exchange, or in the redemption exercise notice delivered by the holder requesting such transfer, exchange or partial redemption, to the relevant Transfer Agent or Registrar, as the case may be (in respect of Registered Notes), or (if no address is so specified) as appears in the Register, or otherwise in accordance with the customary procedures of the relevant Transfer Agent, the Registrar or the Fiscal Agent, as the case may be, unless such holder requests otherwise and pays in advance to the relevant Agent the costs of such other method of delivery and/or such insurance as it may specify.

(f) *Exchange Free of Charge:* Exchanges of Bearer Notes for Registered Notes and registrations of transfers of Certificates shall be effected without charge by or on behalf of IBRD, the Registrar or the Transfer Agents, provided that the transferor or holder shall bear the expense of the issue and delivery of any Registered Note and shall make any payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(g) *Closed Periods:* No transfer of a Registered Note or the exchange of a Bearer Note for one or more Registered Note(s) will be effected (i) in the case of a transfer of a Registered Note or exchange of a Bearer Note, during the period of 15 days immediately preceding the due date for any payment of principal, redemption amount or premium (if any) in respect of that Note, or, in the case of a transfer of a Fed Bookentry Note, during the period of 10 days immediately preceding the due date for any payment of principal, redemption amount or premium (if any) in respect of that Note, (ii) during the notice period immediately preceding any date on which Notes may be called for redemption by IBRD at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of 7 days ending on (and including) any Record Date (as defined in Condition 7(a)). If specified hereon that Bearer Notes may be exchanged for Registered Notes, then any such Bearer Note called for redemption may be exchanged for one or more Registered Note(s) not later than the relevant Record Date, provided that the Certificate in respect of such Registered Note(s) is simultaneously surrendered.

(h) *Provisions Concerning Transfers:* All transfers of Registered Notes and entries on the Register will be made in accordance with the relevant procedures of the Registrar. A copy of the relevant procedures will be made available by the Registrar to any holder of a Registered Note upon request.

3. Status

THE NOTES ARE NOT OBLIGATIONS OF ANY GOVERNMENT.

4. Negative Pledge

As long as any of the Notes shall be outstanding and unpaid, but only up to the time all amounts of principal and interest have been paid to the Global Agent or the Fiscal Agent, as the case may be, IBRD will not cause or permit to be created on any of its property or assets any mortgage, pledge or other lien or charge as security for any bonds, notes or other evidences of indebtedness at any time issued, assumed or guaranteed by IBRD for money borrowed (other than any purchase money mortgage, or other pledge or lien, on property purchased by IBRD as security for all or any part of the purchase price thereof, any lien arising in the ordinary course of business, or any extension or renewal of any of the foregoing), unless the Notes shall be secured by such mortgage, pledge or other lien or charge equally and ratably with such other notes, bonds or evidences of indebtedness.

5. Interest

(a) *Interest on Fixed Rate Notes:* Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(j). Such Interest Payment Date(s) is/are specified hereon. If a Fixed Coupon Amount or Broken Amount is specified hereon, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and, in the case of the Broken Amount, will be payable on the particular Interest Payment Date(s) specified hereon.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes:*

(i) Interest Payment Dates:

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(j). Such Interest Payment Date(s) is/are either specified hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are specified hereon, Interest Payment Date shall mean each date which falls the number of months or other period specified hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Rate of Interest for Floating Rate Notes:

(A) The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon. If either ISDA Determination or Screen Rate/Reference Bank Determination are specified hereon, the provisions below relating to either ISDA Determination or Screen Rate/Reference Bank Determination shall apply.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (B), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate/Reference Bank Determination for Floating Rate Notes

Where Screen Rate/Reference Bank Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will be determined by the Calculation Agent at or about the Relevant

Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

(x) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

(I) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or

(II) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page;

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

(y) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (x)(I) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)(II) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and

(z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the Euro-zone as selected by the Calculation Agent (the "Principal Financial Centre") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(iii) Rate of Interest for Index Linked Interest Notes:

In the case of Index Linked Interest Notes where the Rate of Interest and/or the Interest Amount, as the case may be (whether on any Interest Payment Date, early redemption, maturity or otherwise), falls to be determined by reference to an index and/or a formula, the Rate of Interest and/or the Interest Amount, as the case may be, shall be determined in accordance with such index and/or formula in the manner specified hereon (the "Index" and/or the "Formula", respectively).

(c) *Zero Coupon Notes:* Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortization Yield (as described in Condition 6(c)(ii)).

(d) *Dual Currency Notes*: In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon.

(e) *Partly-paid Notes*: In the case of Partly-paid Notes (other than Partly-paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(g) *Accrual of Interest*: Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(h) *Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts*:

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(i) *Rounding*: For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), except in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(j) *Calculations*: The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply except that the Day Count Fraction shall be for the period for which interest is required to be calculated. If the Calculation Amount is not specified hereon, the Calculation Amount shall equal the minimum Specified Denomination.

(k) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:* The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Global Agent, Fiscal Agent, IBRD, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(f), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, IBRD shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. Redemption, Purchase and Options

(a) *Final Redemption*: Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within paragraph (b) below, its final Instalment Amount.

(b) *Redemption by Instalments*: Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) *Early Redemption Amounts*:

(i) Notes Other than Zero Coupon Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (ii) below), upon it becoming due and payable as provided in Condition 9, shall be the Final Redemption Amount unless otherwise specified hereon.

(ii) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon it becoming due and payable as provided in Condition 9, shall be the Amortized Face Amount (calculated as provided below) of such Note unless the Early Redemption Amount is linked to an index and/or a formula, or unless otherwise specified hereon.

(B) Subject to the provisions of sub-paragraph (C) below, the Amortized Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortization Yield (which, if none is specified hereon, shall be such rate as would produce an Amortized Face Amount equal to the Issue Price of the Notes if they were discounted back to their Issue Price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortized Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph

shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortized Face Amount in accordance with this sub-paragraph shall continue to be made (both before and, to the extent permitted by applicable law, after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified hereon.

(d) *Redemption at the Option of IBRD*: If Call Option is specified hereon, IBRD may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the Optional Redemption Date. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the Optional Redemption Date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Notes other than Fed Bookentry Notes, the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on the Luxembourg Stock Exchange or any other stock exchange and the rules of that stock exchange so require, IBRD shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a newspaper having general circulation in Luxembourg or as specified by such other stock exchange a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered. In the case of a partial redemption of Fed Bookentry Notes, each such Note will be redeemed in the amount of its *pro rata* share of the aggregate amount of such partial redemption and thereafter shall be treated as being outstanding as to its unredeemed balance.

(e) *Redemption at the Option of Noteholders*: If Put Option is specified hereon, IBRD shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to IBRD (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

In the case of a Note which is not a Fed Bookentry Note, to exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. In the case of a Fed Bookentry Note, if the holder wishes to exercise such option, the holder must give notice thereof to IBRD through the relevant Holding Institution. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Fiscal Agency Agreement or the Global Agency Agreement) without the prior consent of IBRD.

(f) *Partly-paid Notes*: Partly-paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon.

(g) *Purchases*: IBRD may at any time purchase or otherwise acquire Notes in the open market or otherwise. Notes purchased or otherwise acquired by IBRD may be held or resold or, at the discretion of IBRD, surrendered to the Global Agent for cancellation (together with (in the case of Definitive Bearer Notes) any unmatured Coupons, unexchanged Talons or Receipts attached thereto or purchased therewith) or (in the case of Fed Bookentry Notes) cancelled. If purchases are made by tender, tenders must be made available to all Noteholders of the same Series alike.

(h) *Cancellation*: All Notes purchased by or on behalf of IBRD may be cancelled, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar, and in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Global Agent and, in each case, if so surrendered, shall, together with all Notes redeemed by IBRD, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith) and, in the case of Fed Bookentry Notes, by cancellation by IBRD. Any Notes so surrendered for cancellation or cancelled may not be reissued or resold and the obligations of IBRD in respect of any such Notes shall be discharged.

7. Payments

(a) *Registered Notes*:

- (i) Payments of principal (which for the purposes of this Condition 7(a) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the same manner provided in paragraph (ii) below.
- (ii) Interest (which for the purpose of this Condition 7(a) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note shall be made in the relevant currency by check drawn on a Financial Institution and mailed to the holder (or to the first-named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Financial Institution. "Financial Institution" means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.
- (iii) Registered Notes held through The Depository Trust Company ("DTC") will be paid as follows:
 - (A) if the Specified Currenc(y/ies) for payment is(are) U.S. dollars, payments of principal, premium (if any), and/or interest will be made in accordance with Conditions 7(a)(i) and (ii).
 - (B) if the Specified Currenc(y/ies) for payment is(are) a currency other than U.S. dollars, payments of principal and interest will be made by the Global Agent in the relevant currency to the Exchange Agent who will make payments in such currency by wire transfer of same day funds to the designated account in such currency of DTC participants entitled to receive the relevant payment who have made an irrevocable election prior to 5:00 p.m. New York City time on the third day on which banks are open for business in New York City (a "DTC Business Day") following the applicable Record Date in the case of interest and the twelfth calendar day prior to the payment date for the payment of principal to receive that payment in such currency. In the case of DTC participants entitled to receive the relevant payments but who have not elected to receive payments in such currency, the Exchange Agent, after converting amounts in such currency into U.S. dollars as necessary to make payments in U.S. dollars, will deliver U.S. dollar amounts in same day funds to DTC for payment through its

settlement system to such DTC participants. The Global Agency Agreement sets out the manner in which such conversions or such elections are to be made.

- (iv) Noteholders will not be entitled to any interest or other payment for any postponed payment resulting from the application of Condition 7(i), if the Noteholder is late in surrendering its Certificate (if required to do so), or if its Certificate cannot be surrendered to a Transfer Agent that is open for business on the day of such surrender or if a check mailed in accordance with this Condition 7(a) arrives after the due date for payment.
- (b) *Fed Bookentry Notes:*
- (i) Payments of principal and interest on the Notes will be payable at a designated office or agency of IBRD in New York City in U.S. dollars to the holder on the Fed Bookentry Record Date (as defined below), provided that, at IBRD's option, principal and interest in respect of Fed Bookentry Notes may be paid by credit to a Federal Reserve Bank or branch account of Holding Institutions holding such Fed Bookentry Notes. The Federal Reserve Bank of New York, 33 Liberty Street, New York, New York 10045, will act as the Fiscal Agent for the Notes pursuant to the Fiscal Agency Agreement. The "Fed Bookentry Record Date" for the purpose of payment of interest or principal on the Fed Bookentry Notes shall be as of the close of business at the Fiscal Agent on the day preceding the due date for payment thereof. If any such day is not a day on which the Fiscal Agent is open for business, the Fed Bookentry Record Date shall be the next preceding day on which the Fiscal Agent is open for business.
 - (ii) Noteholders will not be entitled to any interest or other payment for any delay after the due date if any date for payment is not a day on which the Fiscal Agent is open for business, and the Noteholder will not be entitled to payment until the next following day on which the Fiscal Agent is open for business.
- (c) *Bearer Notes:*
- (i) Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, except as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a check payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Financial Institution.
 - (ii) Notwithstanding the foregoing, if the Specified Currency of any Bearer Notes or payments thereunder are otherwise to be made in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (A) IBRD shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (B) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (C) such payment is then permitted by United States law.
 - (iii) Payments of principal, premium (if any) and interest in respect of Bearer Notes represented by a Global Note in CGN (as defined in the Global Agency Agreement) form will (subject as provided below) be made in the manner specified above in relation to Definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent. A record of which payment made against presentation or surrender of such Global Note in CGN form, distinguishing between any payment of principal and any payment of

interest, will be made on such Global Note by such Paying Agent and such record shall be prima facie evidence that the payment in question has been made. If the Global Note is in NGN (as defined in the Global Agency Agreement) form, IBRD shall procure that details of each such payment shall be entered pro rata in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the Global Note in NGN form will be made to its holder. Each payment so made will discharge IBRD's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

(d) *Payments Subject to Law:* All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Appointment of Agents:* The Fiscal Agent, the Global Agent, the Paying Agent, the Registrar, the Transfer Agent and the Calculation Agent initially appointed by IBRD and their respective specified offices are listed below. The Fiscal Agent, the Global Agent, the Paying Agents, the Registrar, Transfer Agents and the Calculation Agent(s) act solely as agents of IBRD and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. IBRD reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Global Agent, any other Paying Agent, the Registrar, any Transfer Agent, any Calculation Agent or any other agent and to appoint a substitute Fiscal Agent or Global Agent and/or additional or other Paying Agents, Registrars, Transfer Agents, Calculation Agents or any other agent provided that IBRD shall at all times maintain (i) a Fiscal Agent with respect to Fed Bookentry Notes, (ii) a Global Agent with respect to Bearer Notes and Registered Notes, (iii) for Registered Notes, a Registrar and one or more Transfer Agents, at least one of which has its specified office in a major European city, (iv) for Bearer Notes, at least one Paying Agent in a major European city, (v) one or more Calculation Agent(s) if specified hereon, and (vi) a Paying Agent in such city as may be required by any stock exchange on which the Notes may be listed, which shall, in the case of Notes listed on the Luxembourg Stock Exchange and in the relevant circumstances in which a Paying Agent is required to be appointed, be Luxembourg. Any such variation, termination or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 12 and *provided further* that neither the resignation nor removal of any Agent shall take effect, except in the case of insolvency as aforesaid, until a new Agent replacing such Agent has been appointed.

In addition, IBRD shall appoint a Paying Agent in New York City in respect of any Bearer Notes the Specified Currency of which is U.S. dollars or payments in respect of which are otherwise to be made in U.S. dollars in the circumstances described in Condition 7(c)(ii).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 12.

(f) *Unmatured Coupons and Receipts and Unexchanged Talons:*

- (i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index Linked Notes), they should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).

- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Index Linked Note, any unmatured Coupon relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of such Coupon.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, any Receipt relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of such Receipt.
- (v) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as IBRD may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) *Talons*: On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Global Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8).

(h) *Non-Business Days*: If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

(i) *Currency of Payment*: If any payment in respect of this Note is payable in a Specified Currency other than U.S. dollars that is no longer used by the government of the country issuing such currency for the payment of public and private debts or used for settlement of transactions by public institutions in such country or within the international banking community, or in a Specified Currency that is not expected to be available, when any payment on this Note is due as a result of circumstances beyond the control of IBRD, IBRD shall be entitled to satisfy its obligations in respect of such payment by making such payment in U.S. dollars on the basis of the noon buying rate in U.S. dollars in the City of New York for wire transfers for such Specified Currency as published by the Federal Reserve Bank of New York on the second Business Day prior to such payment or, if such rate is not available on such second Business Day, on the basis of the rate most recently available prior to such second Business Day. Any payment made under such circumstances in such other currency or U.S. dollars, will constitute valid payment, and will not constitute a

default in respect of this Note. For the purpose of this Condition 7(i), “Business Day” means a day on which the Federal Reserve Bank of New York is open for business in New York City.

8. Prescription

Other than for Notes, Receipts and Coupons governed by the laws of the State of New York, claims against IBRD for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof. As used in these Conditions, “Relevant Date” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or surrender of the relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation or surrender. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortized Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it and (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it.

9. Default

If IBRD shall default in the payment of the principal of, or interest on, or in the performance of any covenant in respect of a purchase fund or sinking fund in, any bonds, notes (including the Notes), or similar obligations which have been issued, assumed or guaranteed by IBRD, and such default shall continue for a period of 90 days, then at any time thereafter and during the continuance of such default any Noteholder may deliver or cause to be delivered to IBRD at its principal office in Washington, District of Columbia, United States of America, written notice that such Noteholder elects to declare all Notes held by it (the serial or other identifying numbers and denominations of which shall be set forth in such notice) to be due and payable, and on the thirtieth day after such notice shall be so delivered to IBRD the Notes shall become due and payable at their Early Redemption Amount specified on such Notes plus accrued interest calculated in accordance with Condition 5, unless prior to that time all such defaults previously existing shall have been cured.

10. Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and the rules and regulations of relevant stock exchanges and clearing systems, at the specified office of the Global Agent in London (in the case of Bearer Notes, Receipts, Coupons or Talons), and of the Transfer Agent in London (in the case of Certificates), or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by IBRD for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to IBRD on demand the amount payable by IBRD in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as IBRD may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. Further Issues

IBRD may from time to time without the consent of the Noteholders create and issue further notes either having the same terms and conditions as the Notes in all respects (or in all respects except for the issue date and the first payment of interest thereon) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as IBRD may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a further Tranche of Notes of the same Series as the Notes.

12. Notices

(a) *Notices to Holders of Registered Notes:* Notices to holders of Registered Notes will be mailed to them at their respective addresses in the Register. Any such notice shall be deemed to have been validly given to the holders of such Registered Notes on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of such mailing.

(b) *Notices to Holders of Bearer Notes:* Unless otherwise specified hereon, notices to the holders of Bearer Notes shall be valid if published in a daily newspaper having general circulation in London (which is expected to be the *Financial Times*) or Luxembourg (which is expected to be the *Luxemburger Wort*) or if published on the Luxembourg Stock Exchange's Website (www.bourse.lu). Any such notice shall be deemed to have been validly given on the date of such publication. Notices will, if published more than once or on different dates, be deemed to have been given on the date of the first publication in such source as provided above. Holders of Coupons, Receipts and Talons shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 12.

(c) *Delivery to Clearing System:* Until such time as any definitive Notes are issued, there may, so long as all the Notes or certificate(s) representing the Notes is or are held in its or their entirety on behalf of DTC or Euroclear and Clearstream, Luxembourg or any other applicable clearing system, be substituted, in relation only to the relevant Series of Notes, for such notification as set out in (a) and (b) above, the delivery of the relevant notice to DTC or to Euroclear and Clearstream, Luxembourg or to any other applicable clearing system for communication by them to the holders of the Notes. Any such notice shall be deemed to have been given to the Noteholders on the day (or such other period thereafter as may be specified hereon) on which such notice was given to DTC or to Euroclear and Clearstream, Luxembourg or to any other applicable clearing system.

(d) *Listing Requirements:* In addition to (a), (b) and (c) above, if and for so long as any Notes are listed on a stock exchange, all notices to Noteholders will be published in accordance with the rules of such stock exchange. If such Notes are listed on the Luxembourg Stock Exchange, such notices shall be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

(e) *Notices via Agents:* Except as set out in Condition 9, notices to be given by any holder of the Notes (other than Fed Bookentry Notes) shall be in writing and given by lodging the same, together with the relative Note or Certificate, with the Global Agent or the Fiscal Agent, as the case may be. In the case of Bearer Notes, so long as any of such Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Global Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Global Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

13. Contracts (Rights of Third Parties) Act 1999

In respect of any Notes, Receipts and Coupons governed by English law, unless specified otherwise in the Notes, no person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

14. Governing Law, Jurisdiction and Service of Process

(a) *Governing Law:* The Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, the laws of the State of New York or English law, or such other governing law, as specified hereon. The governing law of Partly-paid Notes shall not be the laws of the State of New York.

(b) *Jurisdiction:* With respect to any legal action or proceedings (“Proceedings”) in the courts of England arising out of or in connection with any Notes, Receipts, Coupons or Talons, IBRD irrevocably submits to the non-exclusive jurisdiction of the courts of England.

(c) *Service of Process:* IBRD irrevocably appoints its special representative at Millbank Tower, 12th Floor, 21-24 Millbank, London SW1P 4QP, England as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. If IBRD no longer maintains a special representative in England or if for any reason such process agent ceases to be able to act as such or no longer has an address in London, IBRD irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 12. Nothing shall affect the right to serve process in any manner permitted by law.

FORM OF NOTES AND SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Words and expressions defined or used in “Terms and Conditions of the Notes” shall have the same meaning in this section.

IBRD and the relevant Dealer(s) shall agree on the form of Notes to be issued in respect of any issue of Notes. The form may be either registered, bookentry (for Notes denominated and payable in U.S. dollars to be cleared and settled through the Federal Reserve Banks) or bearer and will be specified in the applicable Final Terms. Notes payable in certain Specified Currencies may only be issued in global form.

Registered Notes

Each Series of Registered Notes sold in primary distribution entirely to investors in the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by a single Certificate in registered global form (a “Global Certificate”) deposited on its Issue Date with Citibank, N.A., London Branch (the “Custodian”) as custodian for, and registered in the name of a nominee of, DTC (a “DTC Global Certificate”).

Each Series of Registered Notes sold in primary distribution entirely to investors outside the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by one or more Global Certificates deposited on its or their Issue Date with, and registered in the name of a nominee of, the Custodian as depository for whichever clearing system(s) is agreed between IBRD and the relevant Dealer(s) and is specified in the applicable Final Terms.

Each Series of Registered Notes sold in primary distribution both within the United States and outside the United States may, unless otherwise specified in the applicable Final Terms, initially be represented by one or more Global Certificates. A DTC Global Certificate in respect of Notes sold within the United States or Notes sold both within the United States and outside the United States may be deposited on its Issue Date with the Custodian as custodian for, and registered in the name of a nominee of, DTC. The same or one or more other Global Certificates in respect of Notes sold outside the United States may be deposited on its or their Issue Date with the Custodian as depository for, and registered in the name of a nominee of, DTC with, and registered in the name of a nominee of, the Custodian as depository for the relevant clearing system(s) agreed between IBRD and the relevant Dealer(s) and specified in the applicable Final Terms. One or more Global Certificates in respect of Notes sold both within the United States and outside the United States may be deposited on its or their Issue Date with, and registered in the name of a nominee of, the Custodian as depository for Euroclear or Clearstream, Luxembourg or the relevant clearing system(s) agreed between IBRD and the relevant Dealer(s) and specified in the applicable Final Terms.

Registered Notes may, if so specified in the applicable Final Terms, initially be issued in definitive registered form represented by Certificates registered in the names of the beneficial owners thereof. Otherwise, Certificates registered in the names of beneficial owners will only be available (i) in the case of Notes initially issued as Bearer Notes, as described under “Bearer Notes” below; or (ii) in the case of Registered Notes initially represented by Global Certificates (other than Notes in certain Specified Currencies), in certain circumstances described below. Certificates to be issued at the request of a beneficial owner in respect of such owner’s Notes will be issued at the expense of such owner.

Unless otherwise specified in the applicable Final Terms, interests in a Global Certificate will be exchangeable for Registered Notes represented by Certificates registered in the names of the beneficial owners thereof only if such exchange is permitted by applicable law and (i) in the case of a DTC Global Certificate, DTC notifies IBRD that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the DTC Global Certificate, or ceases to be a “clearing agency” registered under the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”), or is at any time no longer eligible to act as such and IBRD is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC; or (ii) in the case of any other Global Certificate, if the clearing system(s) through which it is cleared and settled is closed for business for a continuous period of 14 days

(other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or (iii) if principal in respect of any Note is not paid when due, by the Noteholder giving notice to the Global Agent of its election for such exchange. In such circumstances, IBRD will cause sufficient Certificates to be executed and delivered as soon as practicable (and in any event within 45 days of the occurrence of such circumstances) to the Registrar for completion, authentication and delivery to the relevant Noteholder(s). A person having an interest in a Global Certificate must provide the Registrar with a written order containing instructions and such other information as IBRD and the Registrar may require to complete, execute and deliver such Certificates. Registered Notes shall not be exchangeable for Bearer Notes.

If so specified in the applicable Final Terms, interests in a Global Certificate may be exchanged for, or transferred to transferees who wish to take delivery thereof in the form of, interests in a DTC Global Certificate, and interests in a DTC Global Certificate may be exchanged for, or transferred to transferees who wish to take delivery thereof in the form of, interests in a Global Certificate. Any such exchange or transfer shall be made in accordance with the rules and operating procedures of DTC, Euroclear, and Clearstream, Luxembourg, and in compliance with the provisions of Clauses 5 and 7 of the Global Agency Agreement.

DTC has advised IBRD that it will take any action permitted to be taken by a holder of Registered Notes (including, without limitation, the presentation of DTC Global Certificates for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in DTC Global Certificates are credited and only in respect of such portion of the aggregate nominal amount of the relevant DTC Global Certificates as to which such participant or participants has or have given such direction. However, in the circumstances described above, DTC will surrender the relevant DTC Global Certificates in exchange for Certificates registered in the name(s) of beneficial owners of Registered Notes.

Except as described above, so long as a DTC Global Certificate is deposited with DTC or its custodian, Certificates registered in the name(s) of beneficial owners of Registered Notes will not be eligible for clearing or settlement through DTC or any other clearing system.

Fed Bookentry Notes

On initial issue, all Notes denominated and payable in U.S. dollars which will be cleared and settled through the Federal Reserve Banks will be issued in uncertificated bookentry form only through the Federal Reserve Bank of New York and held by Holding Institutions designated by the relevant Dealer(s). After initial issue, all Fed Bookentry Notes will continue to be held by such Holding Institutions unless an investor arranges for the transfer of its Fed Bookentry Notes to another Holding Institution.

Bearer Notes

Except as provided below, each Tranche of Bearer Notes with a maturity at issue of more than one year will initially be represented by a Temporary Global Note without Coupons, which (i) in the case of Bearer Notes in NGN form, will be delivered to the Common Safekeeper for Euroclear and Clearstream, Luxembourg on or prior to the relevant Issue Date or (ii) in the case of Bearer Notes in CGN form, will be deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg on the relevant Issue Date. Interests in a Temporary Global Note will be exchangeable in whole or in part for interests in a Permanent Global Note without Coupons or, if and to the extent specified in the applicable Final Terms, for Bearer Notes in definitive form, for interests in a Global Certificate or for Certificates registered in the name(s) of beneficial owners of Registered Notes. Bearer Notes may be exchanged for Registered Notes if and to the extent specified in the applicable Final Terms. If so provided in the applicable Final Terms, Definitive Bearer Notes will be issued to a holder upon request in exchange for such holder's interest in the Permanent Global Notes at the expense of such holder. Bearer Notes that are issued as part of a targeted bearer issuance will initially be represented by a Permanent Global Note or, if specified in the applicable Final Terms, Definitive Bearer Notes.

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they are intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognized as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during which the Notes are outstanding. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Certificates may be delivered on or prior to the original Issue Date of the Tranche to a Common Depository.

If the Global Note is in CGN form upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “Common Depository”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is in NGN form, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Summary of Provisions relating to Bearer Notes while in Global Form

Each Temporary Global Note and each Permanent Global Note will contain provisions which apply to the Bearer Notes while they are in global form, some of which supplement the Conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

Exchange A Temporary Global Note is exchangeable in whole or in part (free of charge to the holder) either (i) after a period of not less than 40 days from the Issue Date, for either interests in a Permanent Global Note representing Bearer Notes (if the Global Note is in CGN form, or if the Global Note is in NGN form, IBRD will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system) or, if and to the extent specified in the applicable Final Terms, Definitive Bearer Notes, in each case upon certification as to non-U.S. beneficial ownership by the relevant clearing system in the form set out in the Global Agency Agreement; or (ii) in certain circumstances, if the applicable Final Terms so provides, for interests in a Global Certificate or for Certificates registered in the names of beneficial owners of Registered Notes. If one or more Temporary Global Notes are exchanged for Definitive Bearer Notes under (i) above, such Definitive Bearer Notes shall be issued in Specified Denominations of the minimum Specified Denomination only.

A Permanent Global Note (other than for Notes denominated in certain Specified Currencies) is exchangeable in whole (free of charge to the holder) for Definitive Bearer Notes if the Permanent Global Note is held on behalf of a clearing system and such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so, by such holder giving notice to the Global Agent. A Permanent Global Note is also exchangeable in whole or in part (free of charge to the holder) for interests in a Global Certificate or for Certificates registered in the name(s) of the beneficial owners on or after the Exchange Date (as defined below), if and to the extent specified in the applicable Final Terms. On or after any Exchange Date, the holder of a Permanent Global Note may surrender the Permanent Global Note to or

to the order of the Global Agent. In exchange for the Permanent Global Note, IBRD will deliver, or cause the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Bearer Notes (having attached to them all Coupons and Talons in respect of interest which has not already been paid on the Permanent Global Note and security-printed in accordance with any applicable legal and stock exchange requirements), Global Certificate(s) or Certificates registered in the names of the beneficial owners of Registered Note(s), as the case may be, each in or substantially in the form attached to the Global Agency Agreement. On exchange in full of the Permanent Global Note, IBRD will, if the holder so requests, ensure that it is cancelled and returned to the holder.

“Exchange Date” means a day falling, in the case of exchange of a Temporary Global Note for a Permanent Global Note or Definitive Bearer Notes, not less than 40 days from the Issue Date, and, in the case of exchange of any Global Note, Definitive Bearer Notes or Global Certificates for Certificates registered in the names of the beneficial owners of Registered Notes or interests in a Global Certificate, not less than five days after the day on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Global Agent is located and, if applicable, in the cities in which the relevant clearing systems are located.

Payments Prior to the Exchange Date, payments on a Temporary Global Note will be made only against certification of non-U.S. beneficial ownership by the relevant clearing system. On or after the Exchange Date, no payments will be made on the Temporary Global Note unless exchange for interests in a Permanent Global Note (or, if specified in the applicable Final Terms, for Definitive Bearer Notes, or for individual Certificates) is improperly withheld or refused. Payments under the Permanent Global Note in CGN form will be made to its holder against presentation for endorsement and, if no further payment is to be made, surrender of the Permanent Global Note to or to the order of the Global Agent or such other Paying Agent as shall have been provided in a notice to the Noteholders for such purpose. If the Permanent Global Note is in CGN form, a record of each payment so made will be endorsed in the appropriate schedule to the Permanent Global Note, which endorsement will be prima facie evidence that such payment has been made. If the Permanent Global Note is in NGN form, IBRD shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Permanent Global Note will be reduced accordingly. Payments under the Permanent Global Note in NGN form will be made to its holder. Each payment so made will discharge IBRD’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Notices So long as Bearer Notes are represented by a Permanent Global Note and the Permanent Global Note is held on behalf of a clearing system, notices to Noteholders may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders, except that if and so long as a Series of Bearer Notes is listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

Prescription Other than for Notes governed by the laws of the State of New York, claims against IBRD for principal and interest in respect of a Permanent Global Note will become prescribed unless the Permanent Global Note is presented for payment within the number of years from the appropriate Relevant Date (as described in Condition 8) as specified in the applicable Final Terms.

Purchase and cancellation Cancellation of any Bearer Note which IBRD elects to be cancelled following its purchase will be effected by reduction in the nominal amount of the Permanent Global Note.

Default The holder of a Permanent Global Note may cause the Permanent Global Note or a portion of it to become due and repayable in circumstances described in Condition 9 by stating in the notice to IBRD the nominal amount of Notes which is being declared due and repayable. Following the giving of notice of an event of default, the holder of a Permanent Global Note which is governed by English law and executed as a deed poll may elect that the Permanent Global Note becomes void as to a specified portion and that the persons entitled to such portion as accountholders with a clearing system acquire direct enforcement rights against IBRD under the Deed of Covenant.

Redemption at the option of IBRD No drawing of Notes will be required under Condition 6(d) in the event that IBRD exercises its call option set forth in that Condition while an issue of Bearer Notes is represented by a Permanent Global Note in respect of less than the aggregate nominal amount of such Bearer Notes then outstanding. In these circumstances, the relevant clearing systems will allocate the redemption of Bearer Notes as between holders.

Redemption at the option of a Noteholder Any Noteholder's option set out in Condition 6(e) to require IBRD to redeem Notes may be exercised by the holder of a Permanent Global Note giving notice to the Global Agent of the nominal amount of Bearer Notes in respect of which the option is exercised and, where the Permanent Global Note is in CGN form, presenting the Permanent Global Note for endorsement of exercise within the time limits specified in Condition 6(e). Where the Permanent Global Note is in NGN form, IBRD shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN nominal amount Where the Permanent Global Note is in NGN form, IBRD shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Partly-paid Notes

The provisions relating to partly-paid Notes ("Partly-paid Notes") are not set out in this Prospectus, but will be contained in the applicable Final Terms and thereby in the Global Notes. Partly-paid Notes governed by the laws of the State of New York will not be issued. While any instalments of the subscription moneys due from the holder of Partly-paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a Permanent Global Note or for Definitive Bearer Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly-paid Notes within the time specified, IBRD may forfeit such Notes and shall have no further obligation to their holder in respect of them.

CLEARANCE AND SETTLEMENT

Introduction

The Facility has been designed so that Notes may be held through one or more international and domestic clearing systems, principally, the bookentry systems operated by the Federal Reserve and by DTC in the United States, and by Euroclear and Clearstream, Luxembourg in Europe. Electronic securities and payment transfer, processing, depository and custodial links have been established among these systems and others, either directly or indirectly through custodians and depositories, which enable Notes to be issued, held and transferred among the clearing systems across these links. Special procedures have been established among the Global Agent and these clearing systems to facilitate clearance and settlement of certain Notes traded across borders in the secondary market. Cross-market transfers of Notes denominated in certain currencies and issued in global form (as described below) may be cleared and settled using these procedures on a delivery against payment basis. Cross-market transfers of Notes in other than global form may be cleared and settled in accordance with other procedures established for this purpose among the Global Agent and the relevant clearing systems.

The relationship between IBRD and the holder of a Registered Note, a Fed Bookentry Note or a Bearer Note is governed by the terms and conditions of that Note. The holder of a Global Note or a Global Certificate will be one or more clearing systems. The beneficial interests in Notes held by a clearing system will be in bookentry form in the relevant clearing system or a depository or nominee on its or their behalf. Each clearing system has its own separate operating procedures and arrangements with participants or accountholders which govern the relationship between them and the relevant clearing system and to which IBRD is not and will not be a party. IBRD will not impose fees payable by any holder with respect to any Notes held by one or more clearing systems; however, holders of beneficial interests in Notes may incur fees payable in respect of the maintenance and operation of the bookentry accounts in which Notes are held.

Each of the persons shown in the records of DTC, Euroclear, Clearstream, Luxembourg, or any other specified clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to such clearing system for his share of each payment made by IBRD to the bearer of such Global Note or the registered holder of the Registered Notes represented by such Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of such clearing system. Such persons shall have no claim directly against IBRD in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of IBRD will be discharged by payment to the bearer of such Global Note or the registered holder of the Registered Notes represented by such Global Certificate, as the case may be, in respect of each amount so paid.

Citibank, N.A., London Branch (“Citibank”) is the Global Agent for Notes held through DTC, Euroclear, Clearstream, Luxembourg and such other clearing systems as may be specified in the applicable Final Terms. The Federal Reserve Bank of New York is the fiscal and paying agent for U.S. dollar denominated Notes issued in the United States and held through the bookentry system operated by the Federal Reserve Banks.

The Global Agent and Paying Agents

Citibank will act as the Global Agent for Notes issued under the Facility. Citibank has direct custodial and depository linkages with, and (unless otherwise provided in the applicable Final Terms) will act as custodian for Global Notes or Global Certificates held by, DTC, Euroclear and Clearstream, Luxembourg to facilitate issue, transfer and custody of Notes in these clearing systems. As necessary (and as more fully described below), Citibank will act as Registrar, Transfer Agent, Exchange Agent and Paying Agent and, from time to time, Calculation Agent for the Notes as may be specified in the applicable Final Terms.

The Clearing Systems

Federal Reserve Bookentry System

The Federal Reserve Banks operate the Federal bookentry system which provides bookentry holding and settlement for all U.S. dollar denominated securities issued by the U.S. government, certain of its agencies and international organizations (including IBRD) in which the United States is a member. The system enables specified depositories and other institutions with an appropriate account with a Federal Reserve Bank or Branch (“Holding Institutions”) to hold, make payments and transfer securities and funds through the Federal Reserve Bank’s Fedwire electronic funds transfer system.

DTC

DTC is a limited-purpose trust company organized under the laws of the State of New York, and is a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities for DTC participants and facilitates the clearance and settlement of transactions between DTC participants through electronic bookentry changes in accounts of DTC participants.

Euroclear

Euroclear is incorporated in Belgium and has branch offices in Amsterdam, Paris and London. Euroclear holds securities for participating organizations and facilitates multicurrency clearance and settlement of securities transactions between its and Clearstream, Luxembourg accountholders through electronic bookentry changes in accounts of its accountholders.

Clearstream, Luxembourg

Clearstream, Luxembourg is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its participating organizations and facilitates multicurrency clearance and settlement of securities transactions between its and Euroclear’s accountholders through electronic bookentry changes in accounts of its accountholders.

Other Clearing Systems

Any other clearing system which IBRD, the Global Agent and the relevant Dealer(s) agree shall be available for a particular issue of Notes will be described in the applicable Final Terms, together with the clearance and settlement procedures for such clearing system.

Clearance and Settlement Procedures – Primary Distribution

Introduction

Distribution of Notes will be through one or more of the clearing systems described above or any other clearing system specified in the applicable Final Terms. Payment for Notes will be on a delivery versus payment or free delivery basis, as more fully described in the applicable Final Terms.

Registered Notes and Fed Bookentry Notes

IBRD and the relevant Dealer(s) shall agree whether global clearance and settlement procedures or specific clearance and settlement procedures should be available for any issue of Notes, as specified in the applicable Final Terms. Clearance and settlement procedures may vary according to the Specified Currency of issue. The customary clearance and settlement procedures are described under the specific clearance and settlement procedures below. Application will be made to the relevant clearing system(s) for the Notes of the relevant issue to be accepted for clearance and settlement and the applicable clearance numbers will be specified in the applicable Final Terms.

Unless otherwise agreed between IBRD and the Global Agent, Citibank, N.A., acting through its relevant office, will act as the custodian or depository for all Notes in global form.

(i) Global Clearance and Settlement – Specified Currencies

Global clearance and settlement of Notes denominated in certain Specified Currencies will take place through those clearing systems specified in the applicable Final Terms. The procedures expected to be followed are those which relevant clearing systems have established to clear and settle single global issues in the Specified Currency and will be set out in the applicable Final Terms.

(ii) Specific Clearance and Settlement – Federal Reserve Bank of New York

The Federal Reserve Bank of New York will take delivery of and hold Fed Bookentry Notes as record owner and custodian for other Federal Reserve Banks and for Holding Institutions located in the Second Federal Reserve District. Holding Institutions located in other Federal Reserve Districts can hold Fed Bookentry Notes through their respective Federal Reserve Banks or Branches.

The aggregate holdings of Fed Bookentry Notes of each Holding Institution will be reflected in the bookentry account of such Holding Institution with its Federal Reserve Bank or Branch. The Notes may be held of record only by Holding Institutions, which are entities eligible to maintain bookentry accounts with the Federal Reserve Banks. A Holding Institution may not be the beneficial holder of a Note. Beneficial holders will ordinarily hold the Notes through one or more financial intermediaries, such as banks, brokerage firms and securities clearing organizations. Each Holding Institution, and each other intermediate holder in the chain to the ultimate beneficial holder, will have the responsibility of establishing and maintaining accounts for its customers having interests in Fed Bookentry Notes.

Federal Reserve Banks will be responsible only for maintaining the bookentry accounts of Holding Institutions, effecting transfers on their books and ensuring that payments from IBRD, through the Federal Reserve Bank of New York, are credited to appropriate Holding Institutions. With respect to Fed Bookentry Notes, Federal Reserve Banks will act only on the instructions of Holding Institutions for which they maintain such Fed Bookentry Notes. The Federal Reserve Banks will not record pledges of Fed Bookentry Notes.

(iii) Specific Clearance and Settlement – DTC

Registered Notes which are to be cleared and settled through DTC will be represented by a DTC Global Certificate. DTC participants acting on behalf of DTC investors holding Registered Notes through DTC will follow the delivery practices applicable to DTC's Same-Day Funds Settlement System. Registered Notes will be credited to DTC participants' securities accounts following confirmation of receipt of payment to IBRD on the relevant Issue Date.

(iv) Specific Clearance and Settlement – Euroclear and Clearstream, Luxembourg

Registered Notes which are to be cleared and settled through Euroclear and Clearstream, Luxembourg will be represented by one or more Global Certificates registered in the name of a nominee of the Euroclear and Clearstream, Luxembourg depositaries. Investors holding Registered Notes through Euroclear and Clearstream, Luxembourg will follow the settlement procedures applicable to conventional eurobonds. Registered Notes will be credited to Euroclear and Clearstream, Luxembourg participants' securities clearance accounts either on the Issue Date or on the settlement day following the relevant Issue Date against payment in same day funds (for value on the relevant Issue Date).

Bearer Notes

IBRD will make applications to Euroclear and Clearstream, Luxembourg for acceptance in their respective bookentry systems of any issue of Bearer Notes. Customary clearance and settlement procedures

for each such clearing system applicable to bearer eurobonds denominated in the Specified Currency will be followed, unless otherwise specified in the applicable Final Terms.

Clearance and Settlement Procedures – Secondary Market Transfers

Transfers of Registered Notes

Transfers of interests in a Global Certificate within the various clearing systems which may be clearing and settling interests therein will be made in accordance with the usual rules and operating procedures of the relevant clearing system applicable to the Specified Currency and the nature of the transfer. Further details concerning such rules and procedures may be set forth in the applicable Final Terms.

For issues that are cleared and settled through both DTC and another clearing system, because of time zone differences, in some cases the securities account of an investor in one clearing system may be credited during the settlement processing day immediately following the settlement date of the other clearing system and the cash account will be credited for value on the settlement date but may be available only as of the day immediately following such settlement date.

The laws of some states in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a DTC Global Certificate to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a DTC Global Certificate to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interest, may be affected by the lack of a definitive security in respect of such interest.

Transfers of Fed Bookentry Notes

Transfers of Fed Bookentry Notes between Holding Institutions can be made through the Federal Reserve Communications System.

Transfer of Bearer Notes

Transfers of interests in a Temporary Global Note or a Permanent Global Note and of Definitive Bearer Notes held by a clearing system will be made in accordance with the normal euromarket debt securities operating procedures of the relevant clearing system.

General

Although DTC, Euroclear and Clearstream, Luxembourg have established procedures to facilitate transfers of beneficial interests in Notes in global form among participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of IBRD, the Global Agent or any other agent will have responsibility for the performance by DTC, Euroclear and Clearstream, Luxembourg or their respective obligations under the rules and procedures governing their operations.

Pre-issue Trades Settlement

It is expected that delivery of Notes will be made against payment therefor on the relevant Issue Date, which could be more than three business days following the date of pricing. Under Rule 15c6-1 of the Commission under the Exchange Act, trades in the United States secondary market generally are required to settle within three business days (T+3), unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes in the United States on the date of pricing or the next succeeding business days until the relevant Issue Date will be required, by virtue of the fact the Notes initially will settle beyond T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Settlement procedures in other countries will vary. Purchasers of Notes may be

affected by such local settlement practices and purchasers of Notes who wish to trade Notes between the date of pricing and the relevant Issue Date should consult their own adviser.

TAX MATTERS

United States Internal Revenue Service Circular 230 Notice: To ensure compliance with U.S. Internal Revenue Service Circular 230, prospective investors are hereby notified that: (a) any discussion of U.S. federal tax issues contained or referred to in this Prospectus or any document referred to herein is not intended or written to be used, and cannot be used by prospective investors for the purpose of avoiding penalties that may be imposed on them under the U.S. Internal Revenue Code; (b) such discussion is written for use in connection with the promotion or marketing of the transactions or matters addressed herein; and (c) prospective investors should seek advice based on their particular circumstances from an independent tax advisor.

The following is a summary of the provisions of the Articles concerning taxation of the Notes and of certain anticipated United States federal income, withholding and estate tax consequences resulting from the ownership of the Notes. This summary does not cover all of the possible tax consequences relating to the ownership of the Notes and the receipt of interest thereon, and it is not intended as tax advice to any person. It addresses only holders who are initial purchasers of the Notes at the initial offering price and hold the Notes as capital assets, and does not address special classes of holders, such as dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, banks, tax-exempt entities, life insurance companies, persons holding Notes as a hedge or hedged against interest rate or currency risks or as part of a straddle or conversion transaction, or holders whose functional currency is not the U.S. dollar. Investors who purchase Notes at a price other than the offering price should consult their tax advisor as to the possible applicability to them of the amortizable bond premium or market discount rules. This summary is based upon the United States federal income, withholding and estate tax laws as currently in effect and as currently interpreted and does not include any description of the tax laws of any state, local or foreign government that may apply.

Prospective purchasers of Notes should consult their own tax advisors concerning the application of the United States federal income, withholding and estate tax laws, as well as the possible application of the tax laws of any other jurisdiction, to their particular situation.

This summary is only a general description of certain U.S. federal income, withholding and estate tax considerations associated with ownership of the Notes and does not discuss any special anticipated United States federal income, withholding or estate tax consequences associated with any particular issue of Notes, including, for example, Notes issued at a discount, Notes issued at a premium, Notes with a maturity of one year or less, Notes with variable maturities or interest payment dates, instalment Notes, reverse dual currency Notes, optional dual currency Notes, Partly-paid Notes, or Notes providing for principal or interest payments that are variable or contingent for United States federal income tax purposes. Prospective purchasers of such Notes should consult with their own tax advisors concerning the application of the United States federal income, withholding and estate tax laws with respect to their investment in such Notes. Any special anticipated United States federal income, withholding or estate tax consequences associated with a particular issue of Notes may be discussed in the applicable Final Terms.

Taxation of the Notes in General

The Notes and the interest thereon generally will be subject to taxation, including United States federal income taxation. Under the Articles, however, the Notes and the interest thereon are not subject to any tax by a member country of IBRD (i) which tax discriminates against the Notes solely because they were issued by IBRD, or (ii) if the sole jurisdictional basis for the tax is the place or currency in which the Notes are issued, made payable or paid, or the location of any office or place of business maintained by IBRD. The imposition of United States federal income tax in the manner described herein is not inconsistent with the Articles.

United States Federal Income Taxation

Bearer Notes

Notes issued as Bearer Notes under this Facility may, in certain circumstances, be treated by the U.S. Internal Revenue Service as registered notes and not as bearer notes for U.S. federal income tax purposes. Any reference to “Bearer Notes” in this section assumes that such Bearer Notes will be treated as bearer notes for U.S. federal income tax purposes.

Treatment of Qualified Stated Interest

Under the Internal Revenue Code of 1986, as amended (the “Code”), a holder of a Note who or which is (i) a United States citizen or resident alien individual, (ii) a United States domestic corporation, (iii) an estate otherwise subject to United States federal income taxation on a net income basis in respect of a Note or (iv) a trust if a United States court can exercise primary supervision over the trust’s administration and one or more United States persons are authorized to control all substantial decisions of the trust (a “U.S. Holder”) will be taxable on the qualified stated interest accrued or received on such Note in accordance with such U.S. Holder’s method of accounting for United States federal income tax purposes. Qualified stated interest is interest that is payable at a single fixed rate at least annually. Notes bearing interest other than qualified stated interest and Notes issued at a discount may be subject to the original issue discount provisions of the Code.

If an interest payment is denominated in or determined by reference to a currency other than the U.S. dollar (a “foreign currency”), the amount of income recognized by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars. Accrual basis U.S. Holders may determine the amount of income recognized with respect to such interest payments in accordance with either of two methods, in either case regardless of whether the payments are in fact converted into U.S. dollars. Under the first method, the amount of income recognized will be based on the average exchange rate in effect during the interest accrual period (or, with respect to an accrual period that spans two taxable years, the partial period within the taxable year).

Under the second method, an accrual basis U.S. Holder may elect to translate interest income into U.S. dollars at the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, at the exchange rate in effect on the last day of the partial period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period or taxable year, an electing accrual basis U.S. Holder may instead translate such accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any election to use the second method will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by such U.S. Holder, and will be irrevocable without the consent of the Internal Revenue Service.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, an accrual basis U.S. Holder will recognize ordinary income or loss measured by the difference between (x) the average exchange rate used to accrue interest income, or the exchange rate as determined under the second method described above if the U.S. Holder elects that method, and (y) the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

The United States Treasury Department has issued to IBRD rulings dated May 4, 1988 and May 5, 1989 (the “Rulings”) regarding certain United States federal tax consequences of the receipt of interest on securities issued by IBRD. The Rulings provide that interest paid by IBRD on such securities, including payments attributable to accrued original issue discount, constitutes income from sources without the United States.

Because, under the Rulings, interest and original issue discount on the Notes is treated as income from sources without the United States, interest paid by IBRD would ordinarily not be subject to United States federal income tax, including withholding tax, if paid to a nonresident alien individual (or foreign estate or

trust not subject to United States federal income tax on a net income basis on income or gain from a Note) or to a foreign corporation (a “non-U.S. Holder”), whether or not such person is engaged in trade or business in the United States. However, absent any special statutory or treaty exception, such income would be subject to United States federal income tax in the following cases: (a) such interest is derived by such person in the active conduct of a banking, financing or similar business within the United States, and such interest is attributable to an office or other fixed place of business of such person within the United States or (b) such person is a foreign corporation taxable as an insurance company carrying on a United States insurance business to which such interest is attributable.

Purchase, Sale and Retirement of the Notes

A U.S. Holder’s initial tax basis in a Note will generally be its U.S. dollar cost. The U.S. dollar cost of Notes purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market (within the meaning of Treasury Regulation Section 1.988-2(a)(2)(iv)) purchased by a cash basis U.S. Holder (or an electing accrual basis U.S. Holder), on the settlement date for the purchase. A U.S. Holder’s initial tax basis in a Note may be adjusted in certain circumstances, such as, in the case of an accrual basis U.S. Holder, the accrual of interest income.

A U.S. Holder generally will recognize gain or loss on the sale or retirement of a Note equal to the difference between the amount realized on the sale or retirement and the adjusted tax basis of the Note. The amount realized on a sale or retirement for an amount in a foreign currency will be the U.S. dollar value of such amount on the date of sale or retirement or, in the case of Notes traded on an established securities market (within the meaning of Treasury Regulation Section 1.988-2(a)(2)(iv)) sold by a cash basis U.S. Holder (or an electing accrual basis U.S. Holder), on the settlement date for the sale. Except to the extent described in the next succeeding paragraph or attributable to accrued but unpaid interest, gain or loss recognized on the sale or retirement of a Note will be capital gain or loss. Capital gain of a non-corporate U.S. Holder that is recognized in taxable years beginning before January 1, 2011 is generally taxed at a maximum rate of 15 per cent. where the holder has a holding period greater than one year.

Gain or loss recognized by a U.S. Holder on the sale or retirement of a Note that is attributable to changes in exchange rates will be treated as ordinary income or loss. However, exchange gain or loss is taken into account only to the extent of total gain or loss realized on the transaction.

A United States person generally will not be entitled to deduct any loss sustained on the sale or other disposition (including the receipt of principal) of Bearer Notes (other than Bearer Notes having a maturity of one year or less from the date of issue) and must treat as ordinary income any gain realized on the sale or other disposition (including the receipt of principal) of Bearer Notes (other than Bearer Notes having a maturity of one year or less from the date of issue).

A non-U.S. Holder generally will not be taxable on gain or loss on the sale or exchange of a Note unless ownership of the Note is effectively connected with the conduct of a trade or business in the United States or, in the case of a nonresident alien individual, such individual is present in the United States for 183 or more days in the taxable year of the sale or exchange and certain other conditions are met.

Exchange of Amounts in Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time such interest is received or at the time of such sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of such foreign currency on the date of purchase. Any gain or loss recognized on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S dollars) generally will be ordinary income or loss.

United States Federal Withholding Tax

Under the Articles, IBRD is not under any obligation to withhold or pay any tax imposed by any member on the interest on the Notes. The Rulings confirm that neither IBRD nor an agent appointed by it as principal for the purpose of paying interest on securities issued by IBRD is required to withhold tax on interest paid by IBRD. Payments of interest and accrued original issue discount on the Notes will therefore be made to the Global Agent without deduction in respect of any such tax.

United States Federal Estate Tax

In the case of United States federal estate tax, the Rulings determined that, unless an applicable death tax convention with a foreign country provides otherwise, securities of IBRD are deemed to be situated without the United States for purposes of the United States federal estate tax and are not includible in the value of the gross estate for purposes of such tax in the case of the estate of a nonresident of the United States who is not a citizen of the United States.

United States Information Reporting and Backup Withholding

IBRD is not subject to the reporting requirements that generally are imposed by United States law with respect to certain payments of interest or principal on debt obligations, nor is it subject to backup withholding obligations imposed, in certain circumstances, by United States law with respect to such payments. While temporary regulations issued by the Internal Revenue Service confirm that the backup withholding requirements do not apply to any paying agent of IBRD with respect to the Notes, the Fiscal Agent and the Global Agent may file information returns with the Internal Revenue Service with respect to payments on the Notes made within the United States to certain non-corporate United States persons as if such returns were required. Under the bookentry system as operated by the Federal Reserve Bank of New York, no such information returns will be filed by the Fiscal Agent with respect to Fed Bookentry Notes.

Brokers, trustees, custodians and other intermediaries within the United States are subject to reporting and backup withholding requirements with respect to certain payments on the Notes received by them for the account of certain non-corporate United States persons, and foreign persons receiving payments on the Notes within the United States may be required by such intermediaries to establish their status in order to avoid information reporting and backup withholding by such intermediaries in respect of such payments.

CURRENCY CONVERSIONS

Payments for Notes

Investors will be required to pay for Notes in the applicable Specified Currency. Each Dealer may, under certain terms and conditions, arrange for the conversion of the Investor's Currency into the Specified Currency to enable investors whose financial activities are denominated principally in the Investor's Currency to pay for the Notes in the Specified Currency. Each such conversion will be made by such Dealer (in this respect acting as principal and not as an agent of IBRD) on such terms and subject to such conditions, limitations and charges as such Dealer may from time to time establish in accordance with its regular foreign exchange practices, and subject to any applicable laws and regulations. All costs of conversion will be borne by such investors of the Notes.

Payments on Notes

Payments in respect of such Notes will be made in the Specified Currency for principal, premium (if any) and/or interest payments as specified in the applicable Final Terms. Currently, there are limited facilities in the United States for the conversion of U.S. dollars into foreign currencies and vice versa. In addition, most banks in the United States do not currently offer non-U.S. dollar denominated checking or savings account facilities in the United States. Accordingly, unless otherwise specified in the applicable Final Terms, payments in respect of Notes in a Specified Currency other than U.S. dollars will be made to an account outside the United States.

Noteholders holding interests in a DTC Global Note denominated in a Specified Currency other than U.S. dollars ("DTC Noteholders") will receive payments in U.S. dollars, unless they elect to receive such payments in the Specified Currency. In the event that a DTC Noteholder shall not have made such election payments to such DTC Noteholder will be converted to U.S. dollars by the Exchange Agent. The U.S. dollar amount in respect of any payment to be paid to a DTC Noteholder who did not make a timely election to receive payment in the Specified Currency will be based on the Exchange Agent's spot rate for the purchase of U.S. dollars with the aggregate amount of the Specified Currency payable to all DTC Noteholders receiving U.S. dollar payments, for settlement on the applicable Payment Date, at a time and date immediately preceding such Payment Date, unless otherwise specified in the applicable Final Terms. If such spot rate is not available, the Exchange Agent will obtain a bid quotation from a leading foreign exchange bank in London or New York City selected by the Exchange Agent for such purchase. All costs of any such conversion into U.S. dollars will be borne by the relevant DTC Noteholder by deduction from such payments. If no spot rate or bid quotation is available, the Exchange Agent will make payments in the Specified Currency to Noteholders who were expecting to receive U.S. dollars, provided that such payment will only be made to such a Noteholder if and when the Exchange Agent has been notified of the Specified Currency account to which such payment should be made.

A DTC Noteholder may elect to receive payment of the principal and premium (if any) of, or interest with respect to, the Notes in the Specified Currency (other than U.S. dollars) by notifying DTC prior to 5:00 p.m. Eastern Standard Time ("E.S.T.") on the third DTC Business Day following the applicable record date in the case of interest, and the twelfth calendar day prior to the payment date for the payment of principal, of (i) such holder's election to receive all or a portion of such payment in the Specified Currency for value the relevant due date for interest payment or final redemption, as the case may be, and (ii) wire transfer instructions to an account denominated in the Specified Currency with respect to any payment to be made in the Specified Currency. Such election shall be made by the Noteholder holding its interest in a DTC Global Note and any such election in respect of that payment shall be irrevocable. An indirect DTC participant must notify the DTC Noteholder through which it is holding its interest in a DTC Global Note of such election and wire transfer instructions prior to 5:00 p.m. E.S.T. on the first DTC Business Day following the applicable record date. DTC will notify the Exchange Agent of such election and wire transfer instructions and of the amount of the Specified Currency to be converted into U.S. dollars, prior to 5:00 p.m. E.S.T. on the fifth DTC Business Day following the applicable record date in the case of interest and the tenth calendar day prior to the payment date for the payment of principal. If complete instructions are received by the DTC

participant and forwarded by the DTC participant to DTC, and by DTC to the Exchange Agent, on or prior to such dates, the DTC Noteholder will receive payment in the Specified Currency outside DTC. Otherwise, only U.S. dollar payments will be made by the Exchange Agent. Payments in the Specified Currency (other than U.S. dollars) outside DTC will be made by wire transfer of same day funds in accordance with the relevant wire transfer instructions for value the relevant payment date.

PLAN OF DISTRIBUTION

Dealers

The Facility provides for the appointment of dealers in respect of any particular issue of Notes (all such dealers together, the “Dealers”). There are no sponsoring dealers with respect to the Facility. Any Dealer will be able to purchase Notes on an underwritten basis, either individually or as part of a syndicate, or on an agency basis.

Standard Provisions

Notes may be sold from time to time by IBRD to or through any one or more Dealers and by IBRD itself. The arrangements under which the Notes may from time to time be agreed to be sold by IBRD to or through Dealers are set out in the Standard Provisions dated as of May 28, 2008 (as amended or supplemented from time to time, the “Standard Provisions”). The Standard Provisions will be incorporated by reference into the agreement by which Dealers are appointed in respect of a particular issue of Notes.

Any agreement for the sale of Notes will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the method of distribution of the Notes, the price at which such Notes will be purchased by any Dealer and the commissions or other agreed deductibles (if any) which are payable or allowable by IBRD in respect of such purchase. In addition, each placement of Notes is subject to certain conditions, including the condition that there shall not have occurred any national or international calamity or development, crisis of a political or economic nature, or change in the money or capital markets in which the Notes are being offered, the effect of which on such financial markets shall be such as in the judgment of the relevant Dealer(s) or IBRD materially adversely affects the ability of the relevant Dealer(s) to sell or distribute the Notes, whether in the primary market or in respect of dealings in the secondary market.

Sales Restrictions

No action has been or will be taken in any jurisdiction by any Dealer or IBRD that would permit a public offering of any of the Notes, or possession or distribution of this Prospectus, or any part thereof including any Final Terms, or any other offering or publicity material relating to the Notes, in such jurisdiction. The relevant Dealer(s) (and IBRD in connection with sales of Notes on its own behalf) will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells, or delivers Notes or has in its possession or distributes this Prospectus, or any part thereof including any Final Terms, or any such other material, in all cases at its own expense.

No Dealer is authorized to make any representation or use any information in connection with the issue, offering and sale of the Notes other than as contained in this Prospectus, the applicable Final Terms or such other information relating to IBRD and/or the Notes which IBRD has authorized to be used.

Selling restrictions may be modified by the agreement of IBRD and the relevant Dealer(s) following a change in any relevant law, regulation or directive. Selling restrictions may also be added to reflect the requirements of any particular Specified Currency. Any such modification or addition will be set out in the Final Terms issued in respect of each issue of Notes to which such modification or addition relates or in a supplement to this Prospectus.

United States

Under the provisions of Section 15(a) of the Bretton Woods Agreements Act, as amended, Notes are exempted securities within the meaning of Section 3(a)(2) of the U.S. Securities Act of 1933, as amended, and Section 3(a)(12) of the U.S. Securities Exchange Act of 1934, as amended.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions, except in certain transactions permitted by U.S. tax regulations.

Accordingly, under U.S. federal tax laws and regulations, Bearer Notes (including Temporary Global Notes and Permanent Global Notes) with a maturity of more than one year may not be offered or sold during the restricted period (as defined in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(7)) within the United States or to United States persons (each as defined below) other than to an office located outside the United States of a United States financial institution (as defined in United States Treasury Regulations Section 1.165-12(c)(1)(v)), purchasing for its own account or for resale or for the account of certain customers, that provides a certificate stating that it agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code, and the United States Treasury Regulations thereunder, or to certain other persons described in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(1)(iii)(B). Moreover, such Bearer Notes may not be delivered in connection with their sale during the restricted period within the United States. Any distributor (as defined in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(4)) participating in the offering or sale of Bearer Notes with a maturity of more than one year must agree that it will not offer or sell during the restricted period any such Bearer Notes within the United States or to United States persons (other than the persons described above), it will not deliver in connection with the sale of such Bearer Notes during the restricted period any such Bearer Notes within the United States and it has in effect procedures reasonably designed to ensure that its employees and agents who are directly engaged in selling the Bearer Notes are aware of the restrictions on offers and sales described above. No Bearer Notes (other than a Temporary Global Note and certain Bearer Notes described in the following paragraph) with a maturity of more than one year may be delivered, nor may interest be paid on any such Bearer Note, until the person entitled to receive such Bearer Note or such interest furnishes a written certificate to the effect that the relevant Bearer Note (i) is owned by a person that is not a United States person, (ii) is owned by a United States person that is a foreign branch of a United States financial institution purchasing for its own account or for resale, or is owned by a United States person who acquired the Bearer Note through the foreign branch of such a financial institution and who holds the Bearer Note through such financial institution on the date of certification, provided, in either case, that such financial institution provides a certificate to IBRD or the distributor selling the Bearer Note to it, within a reasonable time of selling the Bearer Note, stating that it agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code and the United States Treasury Regulations thereunder, or (iii) is owned by a financial institution for purposes of resale during the restricted period. A financial institution described in clause (iii) of the preceding sentence (whether or not also described in clause (i) or (ii)) must certify that it has not acquired the Bearer Note for purposes of resale directly or indirectly to a United States person or to a person within the United States. In the case of a Note represented by a Permanent Global Note, such certification must be given in connection with notation of a beneficial owner's interest therein.

A Bearer Note will not be subject to the certification requirements described in the preceding paragraph if the Bearer Note is sold during the restricted period and all of the following conditions are satisfied: (i) the interest and principal with respect to the Bearer Note are denominated only in the currency of a single foreign country; (ii) the interest and principal with respect to the Bearer Note are payable only within that foreign country; (iii) the Bearer Note is offered and sold in accordance with practices and documentation customary in that foreign country; (iv) the distributor of the Bearer Note agrees to use reasonable efforts to sell the Bearer Note within that foreign country; (v) the Bearer Note is not listed, or the subject of an application for listing, on an exchange located outside that foreign country; (vi) the U.S. Internal Revenue Service has designated the foreign country as a foreign country in which certification under Treasury Regulations Section 1.163-5(c)(2)(i)(D)(3)(i) is not permissible; (vii) the issue of the Bearer Note is subject to guidelines or restrictions imposed by governmental, banking or securities authorities in that foreign country; and (viii) more than 80 per cent., by value, of the Bearer Notes included in the offering of which the Bearer Note is a part are sold to non-distributors by distributors maintaining an office located in that foreign country. Bearer Notes that are convertible into U.S. dollar denominated debt obligations or which are otherwise linked by their terms to the U.S. dollar are not eligible for the certification exemption described in this paragraph. The only foreign countries that have been designated as foreign countries in which certification under Treasury Regulations Section 1.163-5(c)(2)(i)(D)(3)(i) is not permissible are Switzerland and Germany.

Each Temporary Global Note, Permanent Global Note or Bearer Note with a maturity of more than one year, and any Talons and Coupons relating to such Bearer Notes, will bear the following legend:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

As used herein, “United States person” means any citizen or resident of the United States, any corporation, partnership or other entity created or organized in or under the laws of the United States and any estate or trust the income of which is subject to United States federal income taxation regardless of its source, and “United States” means the United States of America (including the states thereof and the District of Columbia) and its possessions. Other terms used herein have the meanings given to them by the Code and the Treasury Regulations issued thereunder.

United Kingdom

Each Dealer will be required to represent, warrant and agree that it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the “Financial Instruments and Exchange Law”) and the Dealer has agreed that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan except pursuant to an exemption from the registration requirements of, or otherwise in compliance with, the Financial Instruments and Exchange Law and any applicable laws, regulations and ministerial guidelines of Japan.

France

Any offer of Notes in France pursuant to this Prospectus falls within Article L.411-2 of the *Code monétaire et financier*. This Prospectus has not been reviewed by the *Autorité des marchés financiers*.

Related Derivatives Transactions

In connection with the issuance of Notes, IBRD may enter into negotiated currency and/or interest rate swap or other financial derivative transactions, as described in the Information Statement under “Risk Management — Derivatives”. IBRD’s counterparty in any such derivative transaction may be an institution that is also acting as Dealer with respect to the Notes, or an affiliate of a Dealer. Payments to be made and received by IBRD under any such derivative transaction may be calculated on the basis of the amounts payable by IBRD under the Notes and the proceeds payable to IBRD in connection with the sale of the Notes, either before or after deduction of the commissions described in the related Final Terms. However, IBRD’s rights and obligations under any such derivative transaction will be wholly independent of its rights and obligations under the Notes, and the holders of the Notes will have no interest in any such derivative transaction or any payment to which IBRD may be entitled thereunder. In addition, the hedging activities undertaken by a counterparty to a related derivative transaction may have an effect on the value or return of the related Notes.

VALIDITY OF THE NOTES

The validity of the Notes will be passed on by the Senior Vice President and General Counsel, or a Deputy General Counsel or the Chief Counsel, Finance, of IBRD and by Sullivan & Cromwell LLP (as to Notes governed by New York law) and Linklaters LLP (as to Notes governed by English law), counsel to the Dealers, each of which, with respect to certain matters, will rely upon counsel to IBRD. It is expected that the validity of Notes governed by the law of any other jurisdiction will be passed on by counsel to the relevant Dealers at the time of issue.

The opinions of counsel to IBRD, Sullivan & Cromwell LLP and Linklaters LLP will be conditioned upon, and subject to certain assumptions regarding, future action required to be taken by IBRD and the Fiscal Agent or the Global Agent in connection with the issuance and sale of any particular Note, the specific terms of Notes and other matters which may affect the validity of Notes but which cannot be ascertained on the date of such opinions.

GENERAL INFORMATION

1. The issuance of the Notes by IBRD and the execution of all documents associated with the Facility in order to fund IBRD's loans, guarantees and liquid assets portfolio has been authorized without limit by Resolution No. 96-3, approved by the Executive Directors of IBRD on July 30, 1996.
